The operator behind the keynote.

"I have been in your seat. I am not academic about this."

David Adam Kurz is a U.S. Marine Corps Sergeant with **nine years of active service**, a real estate operator with **20+ years in the trenches**, and the leader of The Kurz Team at LPT Realty in Miami — responsible for **over \$1 billion in team volume**.

He is a Partner at **Nu World Title** and serves as **National Business Development at BOLD Mortgage**, vertically integrating closings and financing for his team and the LPT real estate professionals he mentors nationwide.

David is the bestselling author of three books, including *The Truth About Failure*, and the host of the *Forged Into Man* podcast. He founded and hosts **Real Talk Con** (the NU You Real Estate Conference), a stage built for real operators.

On the keynote stage, David doesn't sell motivation. He hands operators the same systems he uses to run his businesses — and the discipline to actually execute them when the room gets quiet.

LONG BIO

~180 words · for websites, press releases, and feature content

David Adam Kurz is a U.S. Marine Corps Sergeant with nine years of honorable service, a 20+ year real estate operator, and the leader of The Kurz Team at LPT Realty in Miami — a team responsible for more than \$1 billion in volume across luxury residential, investment, relocation, and 1031-exchange business. The Truth About **Failure.**

What if failure isn't the obstacle to your success — but the operating system for it? Nine years in the Marines and 20+ in real estate taught David that the people who win aren't the ones who avoid failure. They're the ones who learn to read it, metabolize it, and use it as raw material.

This book is the field manual — and the source material for David's signature keynote. Available on Amazon and used as a leadership-development text by teams, coaches, and faith-based organizations across the country.
