TOMMY MOORE

CAPABILITY STATEMENT

Government Operations Consultant | Small Business Owner | Entrepreneurship & Business Development Coach

Teaming Partner — TMR Government Contracting

PROFESSIONAL OVERVIEW

Tommy Moore is a U.S. Army veteran, government operations professional, and entrepreneur with experience spanning public-sector operations and private-sector business ownership.

Since 2017, Mr. Moore has served as a Government Operations Consultant II with the Department of Environmental Protection. He is also the Owner and Chief Executive Officer of Trendz69 Barbershop, bringing practical business ownership and management experience to his professional background.

His combined government and entrepreneurial experience positions him to contribute to TMR Government Contracting's small-business development, entrepreneurship education, operational consulting, and business-readiness initiatives.

CORE COMPETENCIES

- **Government Operations Perspective:** Understanding of public-sector organizational environments, administrative expectations, and operational processes.
- **Small Business Ownership and Management:** Firsthand experience operating a service-based business and managing the responsibilities associated with entrepreneurship.
- **Entrepreneurship Development:** Practical guidance for individuals exploring business ownership, operational planning, and sustainable business practices.
- **Business Operations Coaching:** Support for developing business routines, identifying operational challenges, and improving organizational effectiveness.
- **Small Business Readiness:** Foundational coaching on business organization, professional presentation, documentation, and preparation for contracting opportunities.
- **Veteran Entrepreneurship Mentorship:** Experience-informed guidance for veterans considering entrepreneurship or transitioning their military leadership experience into business ownership.

VALUE TO THE TMR GOVERNMENT CONTRACTING TEAM

Mr. Moore brings a complementary perspective to TMR's multidisciplinary team by connecting government operations experience with the realities of small-business ownership.

His background could strengthen TMR's professional development and consulting offerings, particularly programs designed for aspiring entrepreneurs, veteran-owned businesses, and small-business operators seeking greater operational readiness.

POTENTIAL COACHING AND CONSULTING SERVICES

Through TMR Government Contracting, Mr. Moore could contribute to programs involving:

1. **Small Business Startup and Readiness Coaching** — Helping aspiring entrepreneurs understand business formation considerations, operating responsibilities, and foundational business practices.
2. **Entrepreneurship and Business Ownership Workshops** — Sharing practical lessons from owning and managing a customer-facing service business.
3. **Operational Effectiveness Coaching** — Supporting small-business owners in examining workflows, administrative practices, customer service, and organizational processes.
4. **Government Contracting Orientation** — Helping entrepreneurs understand introductory contracting-readiness concepts, with specialized certification guidance incorporated where supported by his experience.
5. **Veteran Business Development Programs** — Supporting entrepreneurship education and mentorship for military veterans exploring self-employment and small-business ownership.
