2026 NORTH CAROLINA
UNITED INDEPENDENT COALITION VOTER GUIDE

This coalition brings together leaders from We the People, the North Carolina Forward Party, the Libertarian Party and the Green Party—organizations representing a broad ideological spectrum and, at times, competing directly with one another. Its purpose is to demonstrate that political collaboration is possible without requiring political agreement. As independent voices, we believe more voices deserve to be heard, even when we disagree with them.

This guide is an educational resource for North Carolina's unaffiliated and independent-minded voters who want to learn more about candidates offering ideas and visions outside the two major parties. Inclusion in this guide is not an endorsement or recommendation by the coalition or any participating organization. It is an opportunity for voters to consider a wider range of candidates, evaluate their positions and make their own informed decisions.

How this guide was assembled. Every partisan race on the November 3, 2026 ballot with a candidate outside the two major parties appears here, taken from the State Board of Elections filing record and cross-checked against Ballotpedia. It also includes Republicans and Democrats endorsed by a coalition party that does not have ballot access in North Carolina, who therefore appear on the ballot under a major-party label.
