

The Opportunity Engine

Answered. Booked.
Followed up.

a360ai.com

The gap between inquiry and appointment

- 01 Unanswered calls**

The team is busy or the business is closed.
- 02 Scattered inquiries**

Calls, forms, and chat arrive in separate places.
- 03 Inconsistent follow-up**

A promising conversation has no clear next step.

One connected system

01

Get recommended

Website information, search visibility, and reputation.

02

Capture opportunities

Respond to inquiries and move toward a booking.

03

Build long-term trust

Continue the relationship after the first job.

Built around customer conversations

A shared need across businesses: make it easier for customers to reach a useful next step.

Local services

Calls during jobs and after hours

Retail & hospitality

Questions and repeat visits

Professional services

Intake and appointment requests

Property & automotive

Inquiries that need timely follow-up

Voice AI after hours

A360AI

AI VOICE AGENT

Calls • FAQs • Appointment Booking

A useful next step

Answer questions, collect customer details, and help arrange appointments.

A business line with follow-up

A360AI

BUSINESS PHONE

A dedicated business number keeps customer calls connected.

A360AI

MISSED CALL TEXT BACK

Missed-call text back opens a path to continue the conversation.

Website visits become inquiries

A360AI

WEBSITE & CRM

A connected foundation

Forms and web chat collect inquiries. A shared inbox helps the business keep track of the next step.

Follow-up with a clear next step

A360AI

AUTOMATED LEAD FOLLOW-UP

Keep the conversation moving

Follow up on new inquiries, support appointment booking, and continue the relationship after the service.

Visibility supports discovery

A360 AI

GOOGLE BUSINESS PROFILE

Clear business details help customers understand the business.

Search rankings and recommendations from AI platforms are not guaranteed.

A360 AI

LOCAL SEO

Relevant local content supports the business's online presence.

Reputation builds long-term trust

A360AI

5-STAR REVIEW FUNNEL

Request honest feedback after a customer experience.

The artwork illustrates review tools, not guaranteed ratings or verified customer results.

A360AI

REVIEW & REPUTATION

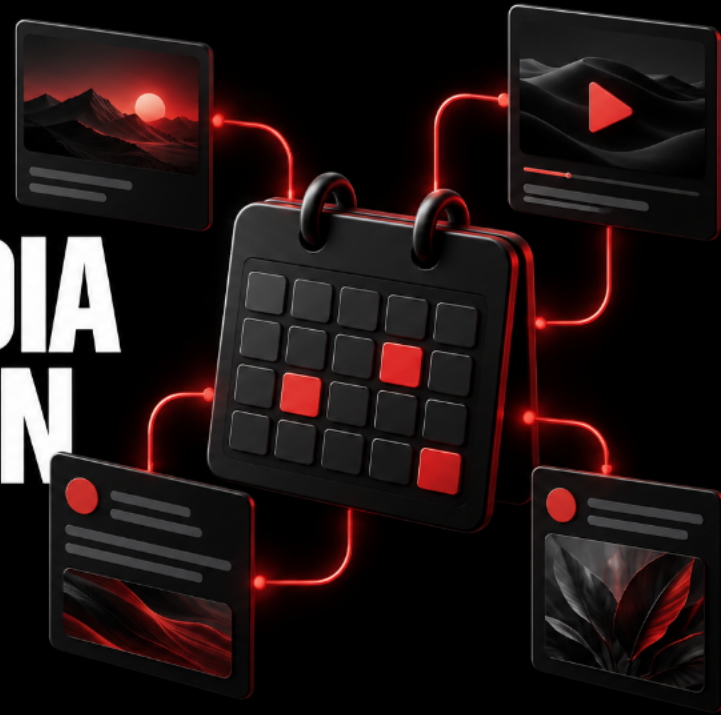

Monitor reviews and maintain an active reputation.

A consistent social presence

A360AI

SOCIAL MEDIA AUTOMATION

Stay visible between visits

Plan and publish business content through configured social channels. Keep customer communication active over time.

Three plans. One system.

Implementation with clear ownership

01

Configure

Capture the business's services, rules, and customer journey.

02

Connect

Set up the website, inquiry channels, and relevant calendar.

03

Test

Check intake, routing, follow-up, and booking behavior.

04

Maintain

Review the system and refine it within the chosen plan.

A360 AI

Direct founder accountability

Anton

The person who builds your system
is also your point of contact.

A recurring service model

Start with a clear need

Website capture or missed inquiries provide a focused entry point.

Expand with the business

Add call handling, follow-up, and ongoing management as needs grow.

Evidence for the next stage

Customer value

Inquiry response, bookings, and repeat engagement

Recurring revenue

Paid accounts, plan mix, and retention

Delivery economics

Setup effort, support load, and gross margin
