# Unifying Your Lending Solutions

**Empowering** Lenders with **Integrated** Technology and Expertise

With 40+ years of combined industry experience, Epic Loan Systems, Tekambi, and Infinity Enterprise Lending Systems have joined forces. This union will help serve our clientele through stronger collaboration, tighter integrations, updated features, and less red tape to navigate as we strive toward helping grow and scale our customers' businesses.

## A Commitment to Integrity and **Your Best** Interests

As pure lending software vendors, our expertise is laser-focused and unbiased. We're not juggling multiple business interests; our sole focus is to deliver unparalleled software solutions. Our team, a blend of seasoned and passionate software specialists, brings to the table a wealth of industry knowledge, ensuring our solutions are both groundbreaking and effective. And with no affiliations to lenders, our integrity is unmatched, always placing your interests at the forefront.

# Loan Origination & Management Software

Tailored Exclusively for Online Small-Dollar Lending

# Harness **Unmatched** Capabilities

Leverage our advanced battle-tested tools and integrations, proven to help revolutionize your lending portfolio. Strategically establish elite collection tiers, orchestrate groundbreaking automated workflows, and devise innovative payment plans that empower your customers to confidently reclaim their financial footing.

## Products That **Perform**

### EDGE

Integrate your own custom, external decision-making processes into your lead underwriting workflow, making it easier to manage the entire lead intake process.

### Data Access

Have secure and instant access to your data, delivering key insights into customer data, loan details, banking and payment info, and underwriting history.

### Robust Reporting

Generate detailed Portfolio Management Reports (PMRs), which provide key insight into the health and profitability of your business. Tailored to your specific needs.

## Cutting-Edge **Solutions**

## That Will **Supercharge** Your Profits

### Omni-Channel Communications

Effectively communicate with your audience through email and SMS, whether it's for returning customers, prospects, or promotional campaigns.

### Payment Perfection

Create easy and reliable configurations for multiple payment types with EPIC's full suite of processing solutions.

### Sharper Loan Decisioning

Offer a wealth of insights into your borrower's financial behavior, stability, and reliability. Giving you a better ROI.

### Robust API's

Seamlessly access and modify a vast array of portfolio data - from customer details and loan information to marketing operations and system configurations.

# Why Choose **EPIC**?

EPIC is more than just a software; it's a comprehensive solution designed to optimize your lending operations, provide insights, and ensure profitability. With EPIC, you're not just getting a platform; you're gaining a partner dedicated to your success.

## Empowering Lending Excellence

Transform your lending approach with unparalleled software, analytics, and integrations tailored for online small dollar lending.

We provide a comprehensive and adaptable lending solution that empowers your organization to efficiently manage loans, comply with regulations, and deliver exceptional service to your borrowers.

## FEATURES

### **Complete End-To-End Solution**

EPIC Loan Systems streamlines every aspect of lending, from application to repayment, ensuring efficiency and accuracy.

### **Modern Web-Based Interface**

Access your lending platform anytime, anywhere with our user-friendly web interface, eliminating the need for complex installations.

### **Advanced API with 80+ Integrations**

Our software seamlessly connects with over 80 third-party systems, enhancing functionality and data exchange.

### **Adaptable Lending Models**

Tribal lending, state-by-state regulations, B2B or working with Texas CAB/CSO models? EPIC's platform empowers you to lend on your terms!

### **Customizable Business Rules**

Customize lending criteria and decision-making processes to align with your specific business strategies.

### **Seamless Data Access**

Gain access quickly to crucial loan data, ensuring informed decision-making and efficient portfolio management.

### **Next-Level Accounting & Analytics**

Our platform provides powerful tools and dashboards to track finances and make data-driven decisions at a glance.

### **50+ Streamlined Reports**

Generate over 50 internal reports, simplifying financial and operational insights for your lending operations.

### **Limitless Scalability**

Our infrastructure is designed to support your business, from start-up to maturity, whether you're a team of 10 or a global enterprise of 300+.

### **EPIC Knowledge Center**

Access a wealth of resources, including training materials and support channels, to maximize your software utilization.

## Our Commitment

At EPIC Loan Systems, our commitment is to revolutionize the small-dollar lending industry through innovation and expertise. Since 2010, we've been committed to transforming the lending experience for both new and seasoned lenders alike by offering them a streamlined, all-in-one solution.

## Our Focus

To help empower our clients with cutting-edge loan origination and servicing tools, real-time portfolio analytics, powerful integrations and backed by the most dedicated team in our industry. At EPIC Loan Systems, our focus is to optimize efficiency and maximize profits without compromising quality.

# WHAT IS INFINITY?

## A TRUE ALL-IN-ONE LOAN MANAGEMENT SYSTEM BUILT EXCLUSIVELY FOR ALTERNATIVE CREDIT LENDERS

Infinity offers a robust all-in-one platform for seamless loan processing, customer growth, and business scaling. Whether lending \$5MM or \$50MM, trust in our user-friendly, top-tier technology, complemented by unparalleled industry support.

## EVERYTHING YOU NEED TO RUN YOUR LENDING BUSINESS WITHIN ONE PLATFORM.

### 1. CREATE YOUR LOAN PRODUCTS

Effortlessly configure your loan products and tailor business rules for every city, state, or region you serve. Infinity stands alone in offering this level of precise control over your lending criteria.

### 2. CONNECT YOUR WEBSITE OR STOREFRONT

We can craft a contemporary site tailored for your loan offerings or seamlessly integrate with your current website. Additionally, our software optimizes the storefront aspect of your operations.

### 3. MARKET AND SELL

With every essential tool and integration in one platform, amplify your lending, foster deeper customer ties, and be part of a community generating billions of dollars annually from lending.

### 4. COLLECT AND GROW

Utilize Infinity's integrated tools to enhance collections. Establish collection tiers, automate workflows, and design adaptable payment plans, assisting your customers in regaining their financial stability.

TEKAMBI

## **Book A Demo**

[www.tekambi.com](http://www.tekambi.com)

Agora gives you the ability to collect, validate, and distribute leads in real-time, ensuring maximum profitability. With a special focus on the Short Term Lending sector, Agora's robust Buyer Marketplace streamlines the process, allowing you to add and set up new buyers effortlessly.

### Enhance Your Affiliate Marketing Program

Gain real-time insights into buyer and campaign performance with Agora. Our platform offers customizable alerts and robust dashboards to ensure you're always at the forefront of your marketing efforts.

- Integrate multiple web properties using Agoras simple onboarding specs
- Lead View gives you End to End tracking via Click tracking and Pixel tracking
- Manage and measure partner performance on a per campaign level
- Setup Custom Ping Trees with different Buyer Prioritization based on traffic sources
- Leverage Risk Based Pricing with Min Price Settings for maximum profits

Discover our centralized software platform, expertly designed to revolutionize the Notice of Adverse Action (NOAA) process. Managed under tribal oversight, our platform offers a standardized NOAA template for all Tribal Lending Entities (TLEs), ensuring seamless auditing and streamlined management. Experience simplicity and efficiency like never before.

#### Unified NOAA Delivery

One tribal denial letter replaces multiple TLE notifications, eliminating duplicates.

#### Centralized Contact

One contact point for all NOAA inquiries accelerates resolutions and aids lenders.

#### Smart Sending

If one TLE funds a consumer, others won't send redundant NOAAs.

#### Enhanced Security

Our platform uses SSN hashing for data protection, with top-tier AWS technology ensuring stability.

#### Consistent Template

A standardized NOAA format across all TLEs reduces customer confusion.

#### Centralized Compliance

Track compliance in one location for simplified auditing and issue management.

#### Streamlined Process

Uniform procedures among TLEs minimize errors and vendor oversights.
