Welcome to Evergreen

Evergreen Foster Care is a specialist therapeutic fostering community supporting children and young people, usually aged 5–18, who need stability, understanding and the right support around them.

Why people choose Evergreen

- 🌿 A nurturing, child-centred approach
- 🌿 Therapeutic thinking at the heart of care
- 🌿 A strong sense of community
- 🌿 Support for both children and carers

You do not need to be perfect. You need warmth, patience, resilience and a willingness to learn.

What fostering with Evergreen can look like

Fostering is about everyday life as much as the big moments.

- ♥ Building routines, safety and trust
- ♥ Supporting school, appointments and day-to-day care
- ♥ Helping children regulate big feelings and recover from trauma
- ♥ Working alongside birth family time and professionals where appropriate
- ♥ Celebrating ordinary progress, milestones and memories

The aim is to help each child feel safe, seen and able to grow.
