Reaching Europe Ministries- Macedonia

I drove to Austin this week to obtain apostille certifications on our documents. After two hours in line, we learned the first set wasn't exactly what was required. So it was two more hours at the Secretary of State—by God's grace, we finally secured the correct apostilles. We then mailed everything to our lawyer: 8 pages, $185 to mail. Ouch. Thank you for praying—each step moves us closer to long-term residency in North Macedonia.

We set up a new Facebook page for our ministry in Macedonia, and several people have already reached out eager to meet once we arrive—please pray these meetings lead to open doors and clear gospel conversations.

As we get ready to move, here are our upcoming costs. Some are fast-approaching (flights) others we can phase in.
