"It is not the strongest of the species that survives, nor the most intelligent that survives. It is the one most adaptable to change."
Charles Darwin

To explore and understand the world with us, and to update Montserrat's classic - on an interesting first-hand experience in the Galapagos Islands aboard one of the best CME Conference & Expedition Yachts in the Galapagos Islands. We're sure you'll enjoy it!

We will be able to secure the entire ship for our conference - as soon as we have enough registrations we will be able to confirm the dates and the exclusive use of the yacht! There is also the option to charter the yacht for your own group.

Dear Colleagues,

After the unbelievable success of our Journey to Antarctica: Anaesthesia at the Extreme we are already planning the next...

We would like to invite you to join us on the unique and unforgettable voyage.

The Galapagos Islands are a UNESCO World Heritage Site and home to a unique and diverse array of species found nowhere else on earth. Its isolation has led to the evolution of many species that are found only in the Galapagos Islands and nowhere else in the world.

You will be under the direct care of Montserrat and the entire expedition team, who are highly qualified to facilitate and help you to get the most out of your experience.

Galapagos Islands: Anaesthesia CME Conference will be the perfect combination of learning and adventure, combining the best of our conference programme with the unique opportunity to explore the Galapagos Islands. We have arranged a fantastic programme of interesting lectures and workshops for you, with the facilities of the conference room on board.

Flight Info, Book your spot for registration.

The registration fee will be $ 4,000 per person with single supplement for the cabins are available.

Space is limited. We have 20 double occupancy cabins for the conference (36 guests total*). Six guest-owned suites are Single or Double - Single occupancy or Double - and we will be on board as a conference.

Please Note: Cost does not include international air, or the internal charter flight which must be booked through Lindblad Expeditions. These will also be confirmed to the 16 cabins that are left.

We are just a little off a Conference Hall in the middle of the Pacific with a maximum audience. With so many fantastic opportunities for learning and networking, we're sure you'll enjoy the unique experience of a lifetime. Don't miss out on this opportunity!

You'll also have to learn about your Conference Speakers, the conference schedule & other key itinerary. We've structured our conference to allow you to enjoy the best of both worlds - a unique opportunity to learn and explore the Galapagos Islands with your colleagues and friends.

Conference classes are aware of additional on-board speakers will be made available soon.

Don't miss out on this unique opportunity to explore the Galapagos Islands. Register Now! Spots, and all your crew and staff to be on these trips are limited.

Warm regards,

Your Scientific Leader/Conference Convenors
Dr Anthony Padley, Dr Ivana Mladenov, and Dr Sarah Elliott

SPEAKERS

Dr Ana Mladenov — Scientific Talk — Tuesday Talk

Dr Anthony Padley — Scientific Talk — Tuesday Talk

Dr Sarah Elliott — Scientific Talk — Tuesday Talk

Your registered interest is an integral part of ensuring that this Conference is presented.

Please help us to plan for the best possible conference for you and your colleagues.

Your interest in this conference will help us to secure the best speakers and topics for you and your colleagues.

We anticipate that approximately half the available cabins will be taken by the time of publication with the remainder filled by the end of December 2022. Please register your interest as soon as possible to avoid disappointment. Please note that registration is not binding and you will be under no obligation to attend.

Please email us at montserrat@montserratorregocuevas.com or call us on +1 (917) 535-7687 to register your interest.

I'M READY TO REGISTER

Conference Schedule & Expedition Itinerary

Journey to Galapagos: Anaesthesia CME Conference will feature a fun, very entertainment programme of unique interdisciplinary events and lectures by prominent speakers.

Encuentro abundant wildlife...
Galapagos Islands are famous for its volcanoes, Spanish Colonies, Pink Flamingos, fans love to meander or gardening underwater. Such incredible geography is the Galapagos.

The wildlife of Galapagos is legendary for its uniqueness and lack of fear, allowing for the best sightings of wildlife anywhere in the world. Galapagos is also home to a number of endemic species found nowhere else in the world, including a variety of Galapagos' creatures that are found only in the Galapagos Islands.

Every day is active and engaging.
Each day is a combination of lectures and hikes, snorkeling, kayaking, and more. Activities are optional and you can choose to participate in as many or as few as you like.

For those who would like to enjoy the afternoon of Galapagos for guest-owned boats. And lastly day you'll have the option to walk, hike, kayak, paddleboard or Scuba Canoe, and to join a different naturalist as you choose. We will be on vacation groups for your Galapagos Islands Cruise.

Day 1 - Baltra/Santa Cruz — Arrival in Galapagos — Transfer to Yacht — Welcome Dinner

Day 2 - Genovesa/Tower — Morning Hike — Afternoon Snorkeling — Evening Lecture

Day 3 - Genovesa/Tower — Morning Hike — Afternoon Snorkeling — Evening Lecture
