Voyager Maritime Alliance Group

George Montalvo

Dear George,

It is my pleasure to recommend Voyager Maritime to anyone in need of a Marine Electronics refit.

My first refit with Voyager Maritime was in 2020. Fully integrated navigation, cameras, Sat TV, network & WiFi.....a flawless installation. From day one, I had the confidence that you and the team at Voyager Maritime would deliver on your promises.

Voyager has proven to be dependable, technically adept and well versed in all things Marine Electronics.

Always available, with a response time unmatched by any other company I've worked with.

Poor Richard is now preparing for a second round of upgrades with Voyager at the helm and I would not have it any other way!

Please have any potential clients that would like more information about Voyager reach out to me if I could be of assistance answering any questions about my experience or if I can provide any other details.

Thank you George!

Respectfully,
