Justin — Stone Mountain, GA

Hundrd Homes | Serving DeKalb County, GA | (404) 800-7184 | alex@hundrdhomes.com | hundrdhomes.com

THE SITUATION

Justin had unpaid property taxes piling up against his property in Stone Mountain for years. He tried everything to get them resolved — payment plans, appeals, personal loans — but nothing stuck.

What most people don't realize about Georgia is that the county doesn't just place a lien — they sell your actual property at a tax deed sale. Once that sale happens, you have 12 months to redeem it or lose it permanently. Justin was running out of time.
