## About Prof. Dr. Felicia Chang

Dr. Felicia is an expert trainer in Mental Health Care for adults and children. Has more than 20 year experience in medical care as a palliative care physician for both adults and children with cancer and life limiting diseases. She focus in emotional and psychological support for patients and family members in dealing with stress and help them to navigate through emotional turmoil.

Her aim to help everyone to focus on caring for themselves in physical , mental , social and spiritual aspects so that everyone can love themselves and those around them.

She believes that having a good mental health helps us to navigate through life- whether it is at work or at home as studies have shown how destructive poor mental health can affect a person , their family and work. By managing our emotions better , we can have healthier relationship with ourselves, family , colleagues and can be a contributing citizen to our beloved country .

Dr. Felicia focuses on guiding participants using various techniques to enable one to dissipate depression, anxiety and stress in her workshop. Working with theories, activities , group work and mindfulness exercises , she hope she encourages and enables participants to find their inner strength to combat the negative emotions they are facing on day-to- day basis.

Dr. Felicia graduated from Kasturba Medical College in India and has obtained her Graduate Certificate in Palliative Care from Flinder's University from Adelaide, Australia. She has more than 20 year experience having served in MOH, Hospices ,private hospital and many NGOs. She has trained many doctors and nurses in palliative care . She has won multiple awards including Ten Outstanding Young Malaysian in 2015, 2 awards from Women's Weekly one of which is the Most Inspiring Women of Our Time 2015 and she was also selected as one of the 17 Persona of the Year by The Star Newspaper).
