WARMBAD RUSOORD
RETIREMENT VILLAGE / AFTREE OORD

Empathetic & Professional Care for Seniors

Warmbad Rusoord Retirement Home and Care Facility welcomes any individual over the age of 60 who requires access to its care unit. While medical aid is not a prerequisite, prospective residents must be able to demonstrate their ability to meet the financial requirements for their stay. Importantly, admission to the Warmbad Rusoord does not require a referral from a medical doctor. Families may apply directly on behalf of loved ones in need of consistent, long-term care - a process that supports early intervention and holistic planning, particularly relevant for individuals navigating the challenges of ageing with neurotypical conditions such as early-stage dementia, memory loss, or sensory sensitivities.

Warmbad Rusoord employs a dedicated team of 53 staff members, of whom 32 are involved in medical care. The team includes four professional nurses, one enrolled nurse, four auxiliary nurses, and 23 experienced caregivers - all committed to the physical and emotional well-being of each resident.

Residents can look forward to modern, accessible bathrooms equipped with advanced care technology such as bath chairs, adjustable bath beds, and full access for individuals using mobility aids.

Warmbad Rusoord also features a fully equipped consulting room where doctors can examine residents in a safe and private setting, ensuring continued medical support without the need for outside travel.

The comfort, dignity, and safety of residents remain a top priority at Warmbad Rusoord. In addition to medical and infrastructural upgrades, the kitchen and dining hall have also recently received attention, supporting residents' nutritional needs in a warm, communal environment. Current and future residents can rest assured that Warmbad Rusoord offers some of the most compassionate and comprehensive care available in Bela-Bela - a place where every individual is treated with the respect and empathy they deserve.

Sorg wat uit die hart kom

Sorg wat uit die hart uit kom

Geleë in 'n stil plattelandse dorpie, slegs 'n uur noord van Pretoria, bied Warmbad Rusoord die ideale kombinasie van rustigheid en toeganklikheid. Ons het pas omvangryke opknappingswerk voltooi om seker te maak dat u geliefdes die beste moontlike sorg en gerief ontvang.

Ons splinternuwe badkamers is spesiaal ontwerp vir die behoeftes van seniors.

Ons pragtige, goedversorgde tuine nooi inwoners uit om te ontspan, asem te haal en die buitelug te geniet. Of dit nou oggendtee onder die bome is of 'n rustige stappie tussen blomryke paadjies, by Warmbad Rusoord blom vreugde elke dag.

Sorg wat uit die hart kom

Ons grootste trots is ons span. Met opregte medelye en 'n ware roeping, verskaf ons toegewyde personeel 24-uur sorg aan bejaarde- en sorgbehoewende inwoners. Ons is nie net versorgers nie - ons is familie!

Dus, hiermee 'n hartlike uitnodiging - van ons familie aan joune - ons nooi u graag uit om Warmbad Rusoord te besoek. Kom sien self hoe gemoedsrus begin met gehalte sorg.

"Rusoord gave my mother a new lease on life. She's blooming again!"— Annelie B., daughter of resident.

"The staff don't just work here. They care. It shows in every interaction."— Daniel M., resident

"We couldn't have found a better place for Dad. Thank you, Warmbad Rusoord."— Marcia T., family member

Ons grootste trots is ons span

Die nuutste tegnologie in bad- en stortstelsels

By Rusoord is ons stort- en higiëne-oplossings met sorg ontwerp om daaglikse higiëne routines te vergemaklik en aan te pas by die unieke behoeftes en voorkeure van elke inwoner.

Die Carendo veelsydige higiënestoel maak dit moontlik om 'n volledige stort- en higiëneroetine met slegs een oordrag uit te voer. Dit bied nie net gemak en veiligheid vir die inwoner nie, maar verseker ook 'n ergonomiese en gemaklike werkhouding vir die versorger regdeur die proses.

Met hoogteverstelbare en leunende funksies, laat Carendo die versorger en inwoner toe om hul voorkeurhoogte en posisie regdeur die higiëne roetine te bereik.

With Carendo, one caregiver can handle the entire hygiene process – from dressing and undressing, toileting and showering to other personal care tasks – without the need for

repeated transfers. Thanks to the height adjustment and tilt function, both caregiver and resident can adjust their ideal height and position for a comfortable and dignified experience – something we at Warmbad Rusoord pride ourselves on.

New technology and the comfort of our residents are our first priority!
