E KOMO MAI WELCOME

E Komo Mai! Welcome to Hale Wa'a

On behalf of Kauai Luxury Vacation Villas we would like to extend a warm welcome to Hale Wa'a. We hope your stay with us is enjoyable. For your convenience we have outlined some key informational details to utilize the home's amenities. Kindly reach out to us at (808) 742-3022 if you need any additional assistance.

Lighting Courtesy Guidelines

To help preserve the peaceful atmosphere of the community and respect for our neighbors, please observe the following lighting guidelines:

- Exterior lights should be used only as needed and turned off from 10:00pm - 6:00am, except when require for arrival, departure, or safety.
- As a courtesy to nearby residents, please dim interior lighting after 10:00pm of close window coverings to minimize light spill.

Air Conditioning Controls

The controller for the air conditioning is located in the family room. Each bedroom is also equipped with an individual controller. Please note there are sensors on the windows and sliding doors of your residence. The air conditioning will automatically shut off if you leave anything open leading to the exterior of the home. Allow a 5 – 10-minute delay for the AC to power on and cool the residence.

Fire pit Controls

To operate the backyard fire pit, look for the wall-mounted controller near the BBQ grill.

Trash Pick-Up (Weekly)

We kindly ask that you place your trash bags in the disposal bins outside. A CoralTree houseman will pick up the trash daily or as needed.

Scheduled Home Maintenance (Weekly)

The pool and yard work are maintained once a week. Schedules may vary.
