<b>Agenda Item</b>	<b>Description</b>
Introductions and Agenda Review	Participants of the JTWG will introduce themselves and the meeting agenda will be reviewed. Note location of revised ToR and its location on the SharePoint for future use.
Fraser Sockeye Escapement Options Performance Metrics	Aidan F. will present on the progress of developing performance metrics to evaluate the outcomes of Fraser Sockeye Escapement Options
Variable LAER	Colin S. will present on the progress of developing criteria for implementing a variable LAER approach for Fraser Sockeye.
Regional Feedback on CU level projected escapements	Opportunity for First Nations participants to share (if comfortable) thoughts on Sockeye Escapement Options including regional projected escapements and any recommendations
Mark-Selective Fishery Monitoring - MSF Reference Fishery Update	Phil Lemp will present on the MSF reference fishery most recent results. This presentation was previously provided at Island and Marine Aquatic Technical Working Group meeting.
2025 Chinook Near Final Escapements	Brittany J. (DFO) will present the near-final escapements for Fraser Chinook.
CWT Program Review	Nick Komick will present a “CWT Program Refresher” for Fraser Chinook, including program history, objectives and outcomes
