About Us

When you choose an aluminium veranda from Glass Garden Rooms, you choose great value and quality.

With an aluminium veranda or glassroom, you'll add a stylish extension to your home. In addition, aluminium is very solid, weather proof and requires hardly any maintenance. We use carefully selected and high quality aluminium, in which you can choose from the following colours: white, cream white, grey and black. There are also many extra options and accessories possible, depending on your taste and preferences.

Bring the outdoors in

Enjoy the outdoors all year round in one of our luxury aluminium verandas or glass garden rooms.

You will add a stylish outdoor space to your home.

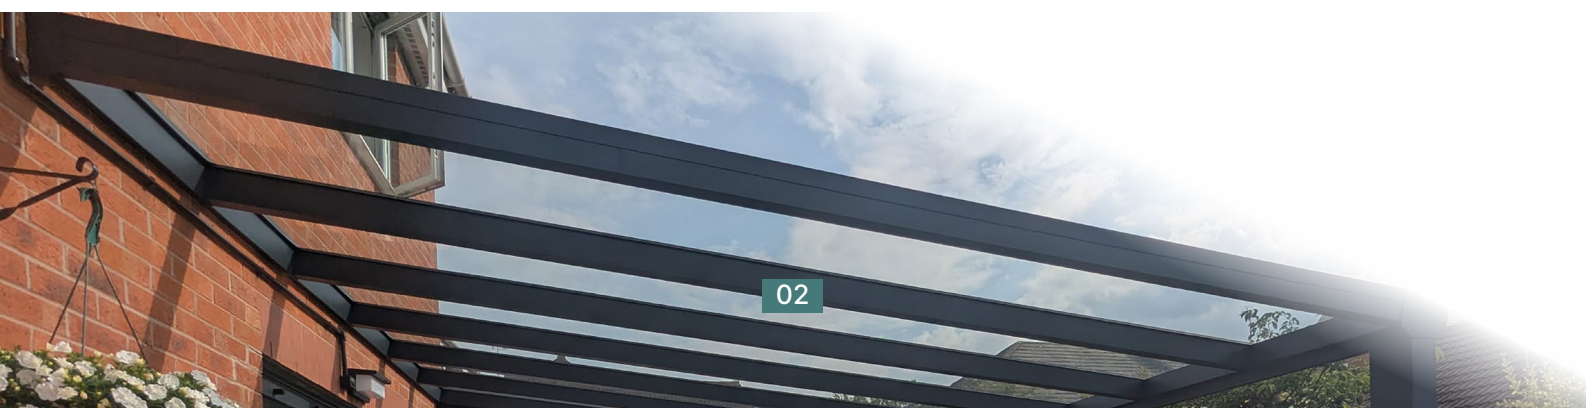

Why select one of our Glass Garden Rooms or aluminium verandas:

- We have a wide range of aluminium verandas, pergolas and car ports.
- Create your veranda or garden room to your own specifications and sizes.
- Glass Garden Rooms and verandas are constructed from high quality, low maintenance aluminium in a choice of colours.

Turn your veranda or pergola into a glass garden room

Add any of the following to your new veranda to customize your new outdoor room.

- Glass sliding doors
- Side walls
- Key frames
- LED lighting
- Many more options - contact us for details

Bordeaux

Polycarbonate roof Veranda

The Bordeaux range is our most popular aluminium veranda.

The Bordeaux range is our most popular aluminium veranda.

This veranda offers terrific value with no compromise on construction and stylish design.

Featuring two options of polycarbonate roofs:

Standard Clear or Standard Opal Polycarbonate*

The Bordeaux veranda comes with endless size options:

Standard widths of 4060, 5060, 6060 and 7060mm and can be further extended in multiples of 1 metre.

Other veranda widths are available as special orders.

Depths available are 2.5, 3, 3.5 and 4 metres.

Other projections are available as a special order.

Maximum width between support posts is 4m

The Bordeaux veranda comes in a range of frame colours:

- Traffic White - RAL 9016
- Grey - RAL 7024
- Cream - RAL 9001
- Black - RAL 9005

The Bordeaux has a choice of round or classic decorative gutter, and half round or square posts

*The Bordeaux veranda is only available with polycarbonate roof panels, if a glass roof is required the Provence or Gironde are the ranges to select.

The Bordeaux veranda can be fitted with various accessories:

- Glass sliding doors
- Side walls
- Key Frames
- LED lighting

Cezanne

This popular, top canopy convinces with strength and design. This impressive and powerful construction leaves nothing to be desired and is the ideal choice in all weather conditions.

Features of the Cezanne

- Extremely low-pitched roof option, variable pitch between 5 and 15°
- Maximum span on two posts with glass roofing: up to wide 6000 mm x 4500 mm* – for XL variant: up to 7000 mm wide x 4000 mm* projection
- Roofing: 8 mm or 10 mm laminated safety glass or 16mm polycarbonate
- Satin and UV glass variants are available at an additional cost
- LED spots or LED strip lights in rafter available as options.

The Cezanne is one of our most popular ranges.

It incorporates German engineering, quality and precision into its design and construction.

Build to withstand extremely high snow and wind loads

There are options in the Cezanne XL range to have widths of up to 7m and projections of 4m without the need for additional support beams.

Gironde

Glass roof Veranda

The Gironde glass veranda comes with endless size options:

With the Gironde veranda you can enjoy the outdoors all day long. Regardless of the weather conditions, from your first coffee in the morning until the setting of the sun you can benefit from an unobstructed view with a span of up to 7 metres between support posts.

Strength and stylish smooth lines combined.

Our Gironde Veranda is known for its smooth, robust look and is equipped with a reinforced gutter profile to ensure maximum strength. Because of this extra reinforcement the Gironde can be mounted with just two posts with a span of up to 7 metres. This maximum span between two posts is what makes the Gironde unique. The result is maximum enjoyment with a free and open view. Featuring a clear glass roof means no additional loss of light under your veranda. You can enjoy viewing the sky from under your new glass veranda with the bonus of losing minimum light indoors after your installation.

The Gironde glass veranda comes with endless size options:

Standard widths of 4060, 5060, 6060 and 7060mm and can be further extended in additional 1 metre widths. Other veranda widths are available as special orders
Depths available are 2.5, 3, 3.5, and 4 metres.

The Gironde glass veranda comes in a range of frame colours:

- Traffic White - RAL 9016
- Grey - RAL 7024
- Cream - RAL 9001
- Black - RAL 9005

The Gironde veranda can be fitted with various accessories:

- Glass sliding doors
- Side walls and Key frames
- LED lighting

Reims

Freestanding Veranda

Reims Freestanding Veranda

The Reims Freestanding Veranda Enjoy a covered terrace anywhere in your garden Can't attach a veranda to your house, no problem!

With the Reims Freestanding Veranda from Glass Garden Rooms, you can enjoy your outdoor space anywhere in your garden.

Outdoor living wherever you want it.

With a standard veranda you can bring the outdoors indoors attached to your home, sometimes other structures or obstacles stand in your way of doing this.

With the **Reims Freestanding Veranda** however, Glass Garden Rooms has a solution to this. The Reims can be completely free-standing and placed anywhere in your garden where you have space.

Features

Unlike verandas attached to your home, the highest point of the Reims Freestanding Veranda is at the rear so the drain and gutter are neatly concealed at the back.

The **Reims** has been designed with flexibility in mind.

It comes standard with a closed aluminium back wall, one closed side wall (or a side wall with an ultra-clear polycarbonate window) and one side wall with a half-height aluminium wall.

There are many other options available for the sides of the Reims, as always, the choice is yours.

- Glass sliding doors
- Side walls and Key frames
- LED lighting

The Advantages of Aluminium

- Aluminium verandas are far more durable than ones made from steel or other materials
- Verandas and Pergolas constructed from Aluminium benefit from having an extremely strong construction that should last a lifetime.
- Aluminium requires very little maintenance.
- Because aluminum verandas have a long lifespan you can benefit from your investment for many years to come.
- One of our top-quality Glass Garden Room aluminium verandas will give you many years of care-free enjoyment in your new outdoor space.

Car Port

We offer a range of Car Ports and canopies in many sizes and styles. Freestanding, wall-mounted, louvered, glass or polycarbonate roof options. All top-quality aluminium frames for minimal maintenance. Sizes up to 4 metres projection and 10+ metres wide.

- Open or fixed sides available
- Durable construction
- Flexible design options
- Low maintenance
- Cost-effective option to a garage

Toulouse

Glass roof Veranda

Toulouse – Contemporary Glass Roof Veranda

The Toulouse range is our flagship veranda, an eye-catcher for every garden and terrace.

Inspired by cubist shapes, the Toulouse offers an elegant and modern solution to bring the outdoors indoors.

It's contemporary design will easily fit in with the most ultra- modern or traditional home.

This aluminium and reinforced 44.2 laminated safety glass canopy Veranda has a timeless design with smooth lines, sturdy yet elegant look with 150mm support posts.

Internal guttering gives the Toulouse sleek lines uncluttered by external gutters and downpipes.

A stunning outdoor space to relax and enjoy in all weathers.

The Toulouse aluminium and glass veranda comes in the following size options:

Standard widths of 3914 / 4878 / 5842 and 6806mm (4, 5 and 6 metres) and wider sizes by linking two or more together.

Depths available are 2982 / 3482 / 3982 / 4482mm (3, 3.5, 4 and 4.5metres)

Toulouse aluminium and glass verandas come in three frame colours:

- Grey textured- RAL 7024
- Black textured- RAL 9005
- Traffic White textured- RAL 9016

The Toulouse veranda can be fitted with various accessories:

- Glass sliding doors
- Side walls and key frames
- LED lighting

Paris Deluxe Pergola

Louvered Roof

**Our top of the range Pergola
Easily open or close your roof at the
push of a button**

With the Paris Deluxe you can create an outdoor space that offers protection against all types of weather.

When you open the synchronously moving panels, a large space is created above your terrace. The roof panels simultaneously press on the gaskets of the side profiles providing optimal protection from the weather.

You can control the roof of the pergola with one push on the remote control of the Somfy system.

The water on the panels is led into to the surrounding gutter and drained effortlessly. When the panels are fully opened, you will experience optimal light so you will be able to enjoy full sunlight or even stargaze on a clear night.

Glazed roof option also available

The Paris Deluxe range is a top-quality aluminium pergola which incorporates a reinforced guttering profile.

This ensures that the roof is sturdy enough to enable safety laminated glass roofing to be installed should you select this option. Featuring a clear glass roof means no additional loss of light under your veranda.

The Paris Deluxe Pergola come in the following size options:

- Widths of 3000, 3500 and 4000mm
- Depths available are 3014, 3571, 4128, 4964 and 6078mm
- Larger sizes can be achieved by linking two or more pergolas together

The Paris deluxe Pergola can be fitted with various accessories:

- Glass sliding doors
- Side walls, either aluminium, glass, louvres or glass sliding doors
- LED strip lighting

Nantes

Car Port and Slimline Veranda

Slim, elegant and extremely competitively priced

The Nantes range is a slimline aluminium veranda. It is versatile enough to also be used as a Car Port. This aluminium framed veranda has a timeless design with slim, smoothlines, When compared to other products on the market that are similar prices, the Nantes benefits from a sturdier construction using top quality aluminium instead of inferior grade steel and plastic mouldings.

The Nantes excels both in quality and price.

The Nantes veranda comes with endless size options:

Standard widths of 4045, 5045, and 6045mm (4, 5 and 6m) and can be further extended in multiples of 1 metre. For intermediate sizes it can be trimmed to size on site.

Depths available are 2.5, 3, and 3.5 metres.

The Nantes veranda comes in the following frame colours:

- Grey - RAL 7024
- Cream - RAL 9001

The Nantes veranda can be fitted with various accessories:

- Glass sliding doors (we recommend the Bordeaux range for this option)
- Side walls
- Key frames
- LED lighting

*The Nantes veranda is only available with polycarbonate roof panels, if a glass roof is required the Provence or Gironde are the ranges to select.

Provence

Glass roof Veranda

Provence Glass Roof Veranda

Our most popular glass roofed veranda
Combines strength with Stylish Design.

The Provence range is a top-quality aluminium veranda which incorporates a reinforced guttering profile. This ensures that the roof is sturdy enough to enable safety laminated glass roofing to be installed. Featuring a clear glass roof means no additional loss of light under your veranda.

You can enjoy viewing the sky from under your new glass veranda with the bonus of losing minimum light indoors after your installation.

The Provence glass veranda comes with endless size options:

Standard widths of 4060, 5060, 6060 and 7060mm and can be further extended in additional 1 metre widths.

Other veranda widths are available as special orders

Depths available are 2.5, 3, 3.5 and 4 metres.

The Provence glass veranda comes in a range of frame colours:

- Traffic White - RAL 9016
- Grey - RAL 7024
- Cream - RAL 9001
- Black - RAL 9005

The Provence has a choice of round or classic decorative gutter, and half round or square posts.

The Provence veranda can be fitted with various accessories:

- Glass sliding doors
- Side walls and Key frames
- LED lighting

Option to extend the maximum width between two support posts from 4m to 7m with additional support beam beneath the gutter profile.

Transform Your Veranda Into A Glass Garden Room

- Enjoy the outdoors for longer by keeping out the wind and the rain.
- You create a unique space in your home where the indoors and outdoors come together. With clear glass sliding doors you are still able to have an unobstructed view of your garden.
- With a one-time investment you can enjoy the outdoors for many years to come.

BRING THE OUTDOORS IN.

Picasso

The Picasso contains many features of modern architecture.

The roof overhang and the cubic flat roof look are sleek and modern, yet elegant enough to fit in with either modern properties.

Features of the Picasso

- Horizontal flat roof look with variable overhangs available.
- Maximum span on two posts: 7000 x 5000 mm
- Roof covering: 8 mm or 10 mm laminated safety glass.
- Satin and heat protection glass variants are available at an additional cost.
- LED spotlights possible in rafters / LED strips possible in posts, gutters and rafters.

This robust construction with a variable size roof overhang allows spans of up to 7000mm wide × 5000 mm projection on two posts and is a high-quality addition to your home.

Despite the Picasso's tremendous strength, the veranda canopy is extremely modern and elegant.

*** May vary depending on snow and wind load.**

Colour Options Available in the Picasso Ranger

- RAL 9010 - Pure White
- RAL 7016 - Anthracite Grey
- RAL9007 - Grey aluminium
- RAL 9005 - Jet black

Conservatory Transformations

Our Conservatory transformation system has been independently tested for its strength, thermal performance, fire resistance and quality to provide you with complete peace of mind.

The timescale to build this only takes a few days, depending on the size and complexity of the project.

No mess, no big equipment, no disruption.

The new garden room has completely transformed how the family uses their home.

One customer reflected:
"We were astounded by the speed, and the quality of the build.

When we sit in it now, it's gone beyond what we expected.

The Conservatory Transformation system was the best choice we made – without question."

Sliding Glass Doors

Turn your veranda into a Glass Garden Room.

Enjoy your garden and terrace longer, with sliding glass doors. Just imagine on a rainy and windy day you look outside into your garden from your living room, and you miss the fresh air and outdoors. We have just the solution, Sliding glass doors for your veranda. With our sliding glass walls, we ensure that you can relax under your veranda whatever the weather.

The sliding Glass Doors come in the following size options:

- Installation height* (mm) 2000 / 2100 / 2150 / 2200 / 2250 / 2300 / 2400 / 2500
- Panel widths (mm) 640 / 820 / 980 / 1040
- 10mm Toughened cleat glass
- Track rail options 2 / 3 / 4 / 5 / 6 or 7

The Sliding Glass Doors have the following colour trim options:

- Grey RAL 7024
- Cream RAL 9001
- Traffic White RAL 9005
- Black RAL 9016

The Sliding Glass Doors can be fitted with:

- Locking Handles
- Rail locks
- Weather Brushes

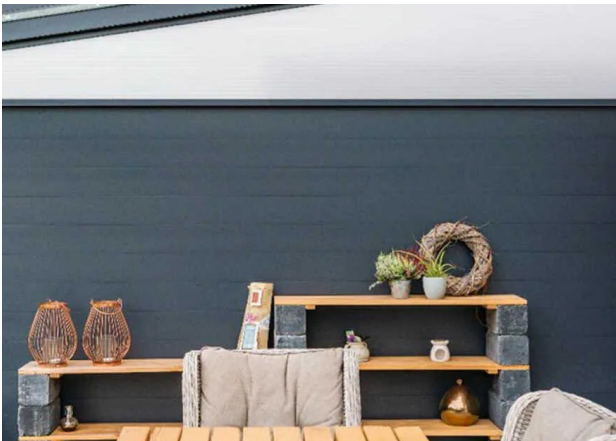

Our Sliding Glass Doors can also be retro-fitted to existing garden verandas, pergolas or other structures, see sizes available above.

Key frame

A key frame is used to partially close your veranda on one or both sides. A key frame is designed to cover the sloped part between the roof and the top of the side wall to enable sliding glass doors or walls to be installed.

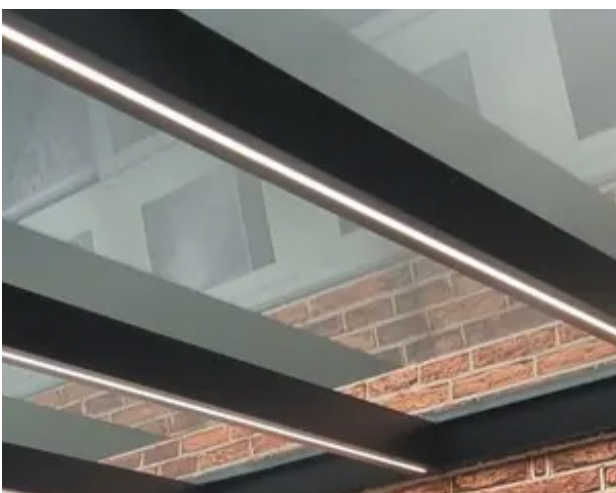

The key frame is made of an aluminium frame and 16mm thick polycarbonate. If desired, the key frame can also be supplied in glass and aluminium.

Geneva Aluminium Wall panels

Geneva aluminium wall panels are very popular in the Glass Garden Rooms range.

These are lightweight, aluminium parts that interlock to create a side wall, key frame or even an all-weather fence. The panels interlock together to form an extremely strong and durable solution.

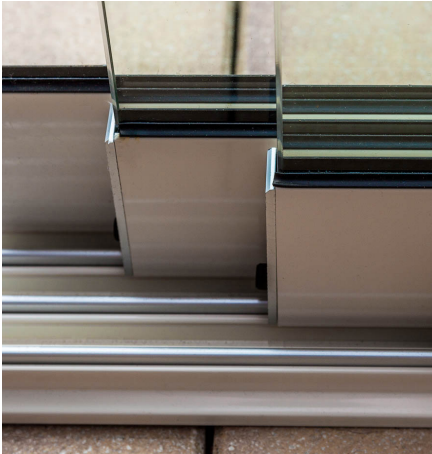

LED lighting

Do you want to enjoy your Veranda, Pergola or Glass Garden Room when the sun goes down. With ambient outdoor lighting, you can enjoy your outdoor space at night. Our dimmable LED lights attach to the inside of the room beams and come with a remote control so you don't even need to stand up to turn the lights on.

Accessories

With one of Glass Garden Rooms Accessories you can transform your veranda to Accessories make it suitable for every season, no matter what the weather.

Sliding Glass Doors

All glass panels smoothly open independently, or if you prefer, use our **tracking system**.

Our **tracking system** makes sure that all panels are moved automatically when opening your glass walls or doors.

This way, you can easily open the entire wall.

The carriers are mounted in the profile, so you decide where the panels overlap.

Sliding glass door handles

Save your glass doors from fingerprints.

You can opt for extra handles to open the sliding walls even easier, without fingerprints.

You can retrofit using adhesive handles, or at the point of purchase, select screwon handles through pre-drilled holes.

Locking Handles

For added security add locking handles to your glass sliding doors. Either have them as a side lock if you require all your doors to slide to one side, or as a centre lock if you want your doors to open in the middle.
