What This Guarantee Means for JVC Clients

JVC Home Inspections is committed to professionalism, accountability, and trust during every inspection. The InterNACHI® \$25,000 Honor Guarantee is an additional credibility layer that reinforces that commitment.

In simple terms, the guarantee is designed to protect clients from a specific concern: the loss of personal property during an inspection if that property is stolen by an InterNACHI-certified member and the member is convicted of, pleads guilty to, or pleads no contest to the related criminal charge.

Why this matters

- It shows that the inspector is connected to a recognized professional association with accountability standards.
- It gives homeowners, buyers, sellers, and agents an added sense of security when allowing an inspector into the property.
- It supports the larger JVC promise: careful inspections, professional conduct, clear reporting, and respect for the property.

Important clarification

This is not a home warranty and it is not a guarantee that every defect will be discovered during the inspection. It is specifically related to eligible personal property loss caused by theft during an inspection under InterNACHI's stated terms.
