

INSIDE RADIANT

# Why We Are Different

For the coach, healer, or leader who is still shopping.

---

You are doing your research. That is smart.  
This document exists to make that research easier,  
and to be honest with you about what Radiant is,  
what it is not, and who it is genuinely built for.

# Who this is for

---

Radiant was built for a specific kind of person. Not a niche market, a specific *kind of human being*. The kind who has always felt like two things at once.

❖ **The shaman with a PhD.**

You hold both. You do not want to choose between credibility and calling.

❖ **The healer who runs a corporate team.**

You have learned to speak two languages. Radiant teaches you how to integrate them, not hide one.

❖ **The intuitive who sits in boardrooms.**

You sense things others miss. You want a credential that lets you use that ethically.

❖ **The coach who reads tarot and closes six-figure deals.**

You are not confused. The world around you has been. Radiant gets it.

*"Our students do not fit neatly into one box. They never have. They have been splitting themselves in half their entire careers. Until now."*

If you saw yourself above, keep reading. If you are not sure, that is also fine. Radiant draws students from 25+ countries, across faith traditions, healing modalities, corporate sectors, and community roles. Diversity and inclusivity are embodied here, not spoken about.

# The Radiant Difference

Most ICF schools teach you the competencies. Radiant teaches you the whole picture: neuroscience, somatic awareness, ethical leadership, energetics, and the ICF framework in one integrated curriculum. Here is how that looks in practice.

Most schools: Rigid schedules; miss a class, miss the content	<b>Radiant: Flex attendance. Classes run on a weekly cycle. Life happens. Catch the same class the following week.</b>
Most schools: Coaching stripped of intuition and embodiment	<b>Radiant: Neuroscience + somatic awareness + ethical intuitive leadership. Fully integrated.</b>
Most schools: Theory-only programs with no lived community	<b>Radiant: Real community. Group dinners, nature retreats, real relationships.</b>
Most schools: One credential and goodbye	<b>Radiant: Level 1, Level 2, and Level 3 pathways. A professional home for your whole career.</b>
Most schools: No continuing education beyond the core	<b>Radiant: Resource Development Classes: Constellations Coaching, Science of Burnout, NLP Intro, and more.</b>

# Beyond the Classroom

Radiant is not a Zoom school with a certificate at the end. We build for real leaders and real human beings. That means optional in-person experiences that go where most coaching schools have never gone.

## ◆ Equestrian Executive Leaders Retreat · Colorado · +\$3,000

Leadership in relationship with horses. Somatic, embodied, unforgettable. The mountain backdrop is real. This is the retreat for leaders who have read every book and want to feel something instead.

### ◆ Week-Long Immersive Education Experience - +\$5,000

A full week of deep immersion for students who want to go further. Optional add-on available across program levels.

*"This is not a corporate coaching school. This is a coven, in the best sense of the word. Intimate, real, embodied, joyful. You will know these people for life."*

# Who You Will Train With

---

Radiant students are one of the strongest differentiators we have. When you join, you do not get a cohort of people who all look the same. You get a room, or a Zoom, of people who have been doing it alone for years and finally found their people.

◆ **Shamans who are also English teachers in Taiwan.**

Educators bringing indigenous wisdom and language into the same practice.

◆ **Disabled Veterans with Masters degrees in Psychology.**

Exploring clairvoyant gifts alongside clinical frameworks and finding they fit.

◆ **Corporate executives who do energy work on the weekends.**

Finally able to bring their whole leadership identity into the room.

◆ **Community healers seeking professional recognition.**

ICF credentials opening doors that informal practice alone could not.

1,100+ students trained. 25+ countries represented. The full spectrum of human identity, professional background, and healing tradition.

# Investment & Pathways

---

Radiant offers three ICF-accredited pathways. We believe in transparency about what this costs and what it gives you back.

<b>Level 1 - ACC</b>	\$6,000 paid in full / \$7,000 with payment plan Foundation credential. First coaching training.
<b>Level 2 - PCC</b>	\$10,000 For coaches with experience ready to go deeper.
<b>Level 3 - MCC</b>	\$10,000 Mastery-level credential for experienced coaches.
<b>Week-Long Experience</b>	+\$5,000 optional add-on A full-week immersive education experience available across program levels.

Many Radiant students are fully reimbursed by their employer through professional development budgets. If that is your situation, your enrollment advisor can provide documentation to support your request.
