

Productivity Workshops

About me.....

Hi, I'm Louise — founder of Big Smiley Face Ltd and your productivity partner. I help creative business owners and teams ditch the faff, simplify their systems, and get back time and brainspace to do work that lights them up

What You'll Get.....

- * Hands-on, high-energy sessions
- * Suitable for a creative team or a room full of solo business owners
- * 60 to 90 mins, delivered online or in-person
- * Customisable to your needs
- * Fun, supportive, and ick-free

I know I'm chronically disorganised and probably suffer from a huge dose of not trusting anyone, so when it comes to productivity stuff I get a bit twitchy.

But, I absolutely love the approach that Louise has to productivity.

It ain't some fluffy stuff. It's nicely practical with a dose of fun and humour.

Topics include.....

Beat the Clock
Get More Done, Leave on Time
Habit Stacking
Master a 4-day week

The session was very informative and Louise gave loads of value and shared lots of hints and tips on how the group members can improve their productivity. I would highly recommend Louise.

Pricing

Workshops start from £200.

Tell me what you're looking for and I'll put together a quote to suit.
