Using your allowance

Here's how to use your Over-The-Counter allowance to purchase catalog items

In-Store, without the app

1. Visit a CVS Pharmacy® store (excluding locations within Target and Schnucks)
2. Use the “[OTCHS Aetna Medical Value Catalog](#)” to find eligible items and look for the blue “OTCH Eligible” label on the product shelf to verify eligibility.
3. Go to a register with a cashier to check out and tell the cashier you have the Aetna OTCHS benefit. Give them your first name, last name, and month/date of birth. They will locate your allowance in the system.

In-store, with the app

1. Download the app and create an account using the process above. If you've already created an account, you can log in.
2. Use the catalog in the app to find eligible products. You can scan the item's label to confirm if it is included in your catalog and to add it to your cart.
 - This creates a bar code of your purchases
3. Go to a register to check out and present your bar code in the app to the cashier to scan.
