

The Wig Care Calendar

A simple rhythm that doubles the life of every unit.

Every day

- ☐ Brush gently from the ends up
- ☐ Sleep on satin / silk
- ☐ Edges & leave-out lightly moisturized

Every wear

- ☐ Lay flat or on a stand — never crumpled
- ☐ Off the face & off the floor

Wash day (every 8–12 wears)

- ☐ Cool water, sulfate-free shampoo
- ☐ Condition mid-length to ends only
- ☐ **Air-dry fully** on a stand before storing

Monthly

- ☐ Deep condition
- ☐ Check wefts, lace & seams
- ☐ Trim ends if needed

Storage & travel

- ☐ Stand or silk bag, away from heat & sun
- ☐ Travel in a box or satin bag — never stuffed

✦ EBONY'S TIP

Damp + stored = mildew and odor. **Always dry completely** before a unit goes into a bag.
