LETTER OF MEDICAL NECESSITY

Re: Walterine Noel
DOB: 05/03/1944
225 Parkside Avenue
Brooklyn, NY 11226

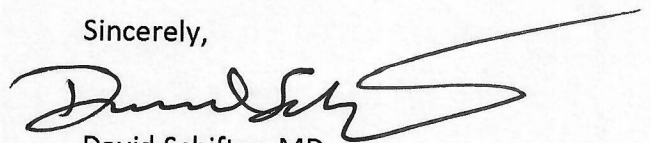

To Whom It May Concern,

I am writing on behalf of my patient, Walterine Noel to document the medical necessity of installing an access ramp or equivalent accommodation at her building entrance.

Ms. Noel requires the use of a rolling walker for mobility assistance. She has severe lower back pains due to degenerative arthritis and spinal stenosis. To exit and enter her place of residence, she must navigate four steps. Her medical conditions make climbing these steps while lifting and maneuvering her walker a significant hardship and poses a fall risk.

To conclude, a safe means of exit and entry to her building is medically necessary for this patient. Please contact me if any additional information is required.

Sincerely,

A handwritten signature in black ink, appearing to read 'David Schifter', with a long, sweeping horizontal line extending to the right.
