

MR FIX
PLUMBING & DRAINS

Sydney's Most Trusted Local 24 hour Plumbing Company

About Us

As a family-owned and operated business, we specialise in delivering high-quality, reliable plumbing services tailored to your needs. Our experienced team is dedicated to providing 24/7 support for all essential services, including plumbing repairs, hot water system installations, gas fitting, and comprehensive pipe and drain solutions.

We understand that issues in these areas require prompt, professional attention, so we're here around the clock to address emergencies and ensure your systems run smoothly. At Mr Fix Plumbing & Drains, we're more than just service providers — we're partners who prioritise your comfort, safety and satisfaction, building lasting relationships with each client through expertise and genuine care.

$0 Call Out Fee

Get the help you need without the added cost. We offer a $0 call out fee, so you only pay for the work we do—no surprises.

Upfront Pricing

We believe in honesty and transparency. With our upfront pricing, you'll know the cost before we start, giving you peace of mind.

Clean & On Time

Count on us to arrive on time and leave your space spotless. Our team is dedicated to professionalism, ensuring a clean, timely service every visit.

Our Process

At Mr Fix, we pride ourselves on delivering a seamless and hassle-free experience for all your plumbing needs. - **Inspection Report**
  Free home inspection report to spot issues early and save on future repairs.

$88.00 Every Year

1.

Maintenance Plan

Our comprehensive maintenance plan takes the guesswork out of managing your plumbing system. By recording the brand, model, and age of your plumbing assets, we create a detailed profile of your system to ensure everything functions efficiently over time. This helps us monitor wear and tear, identify potential issues early, and keep your plumbing running smoothly for years to come.

2.

Hose Replacement Reminders

Flexible hoses are essential components of your plumbing system, but they can wear out and pose risks if not replaced on time. Our service ensures you’re never caught off guard by providing timely reminders when your hoses need replacing. With our expertise, we’ll help you maintain a safe, reliable system while preventing costly emergencies or water damage caused by hose failure.

3.

Home Safety Checks

Your safety is our top priority. Our technicians conduct thorough home safety checks, inspecting key areas to ensure gas and water controls are properly labeled and easy to access in case of an emergency. This includes verifying that shut-off valves function correctly and that critical areas are free of potential hazards, giving you and your family peace of mind when it matters most.

4.

Inspection Report

Our licensed technicians conduct a thorough review of your home’s plumbing, covering sewer and stormwater drains, bathroom, kitchen, and laundry systems, and your hot water system. We also assess key locations, including the water meter, gas meter, and hot water system, to ensure everything is functioning correctly.

Our Services

From routine inspections to complex repairs and installations, Mr Fix Plumbing offers a comprehensive suite of maintenance plumbing services designed to meet all your needs. Whether it's identifying potential issues through proactive checks, repairing damaged pipes and fixtures, or expertly installing new plumbing systems, our licensed team ensures every job is completed with precision and care.
