ELECTRICAL

ABOUT US

At T42 Electrical, we are driven by a genuine love for quality workmanship and strong industry knowledge.

As home renovators ourselves, we understand how important reliable trades and attention to detail are, and we bring that same standard to every project we take on, whether it’s a simple fan changeover, an oven replacement, or a full new build.

Our business began from a simple motivation — to build a family-based company that allows us to work hard, create great outcomes, and stay close as a family. Fabian’s background in FIFO roles gave him strong technical and leadership skills, along with the determination to build something local, lasting, and personal.

What inspires us most is happy customers, knowing we’ve made their homes safer, more comfortable, and more functional. Looking ahead, we’re focused on building long-term relationships with our clients, growing steadily, and continuing to be the trusted name families and businesses turn to for all their electrical needs.

OUR FOUNDER

FABIAN

Fabian is the founder and driving force behind T42 Electrical — an extremely hardworking and passionate leader who’s always striving to improve, both in business and in life. A true handyman at heart, he has a knack for project management and an eye for detail. He knows the importance of top-notch service because he expects it himself, and he’s built T42 Electrical with that same standard in mind. T42 wouldn’t be here without his dedication, vision, and commitment to finding the best solutions for every customer’s electrical needs.

Why Choose T42 Electrical

01 Excellence in Craft

We hold ourselves to the highest standards, delivering reliable, efficient, and long-lasting electrical solutions on every project.

02 Integrity & Transparency

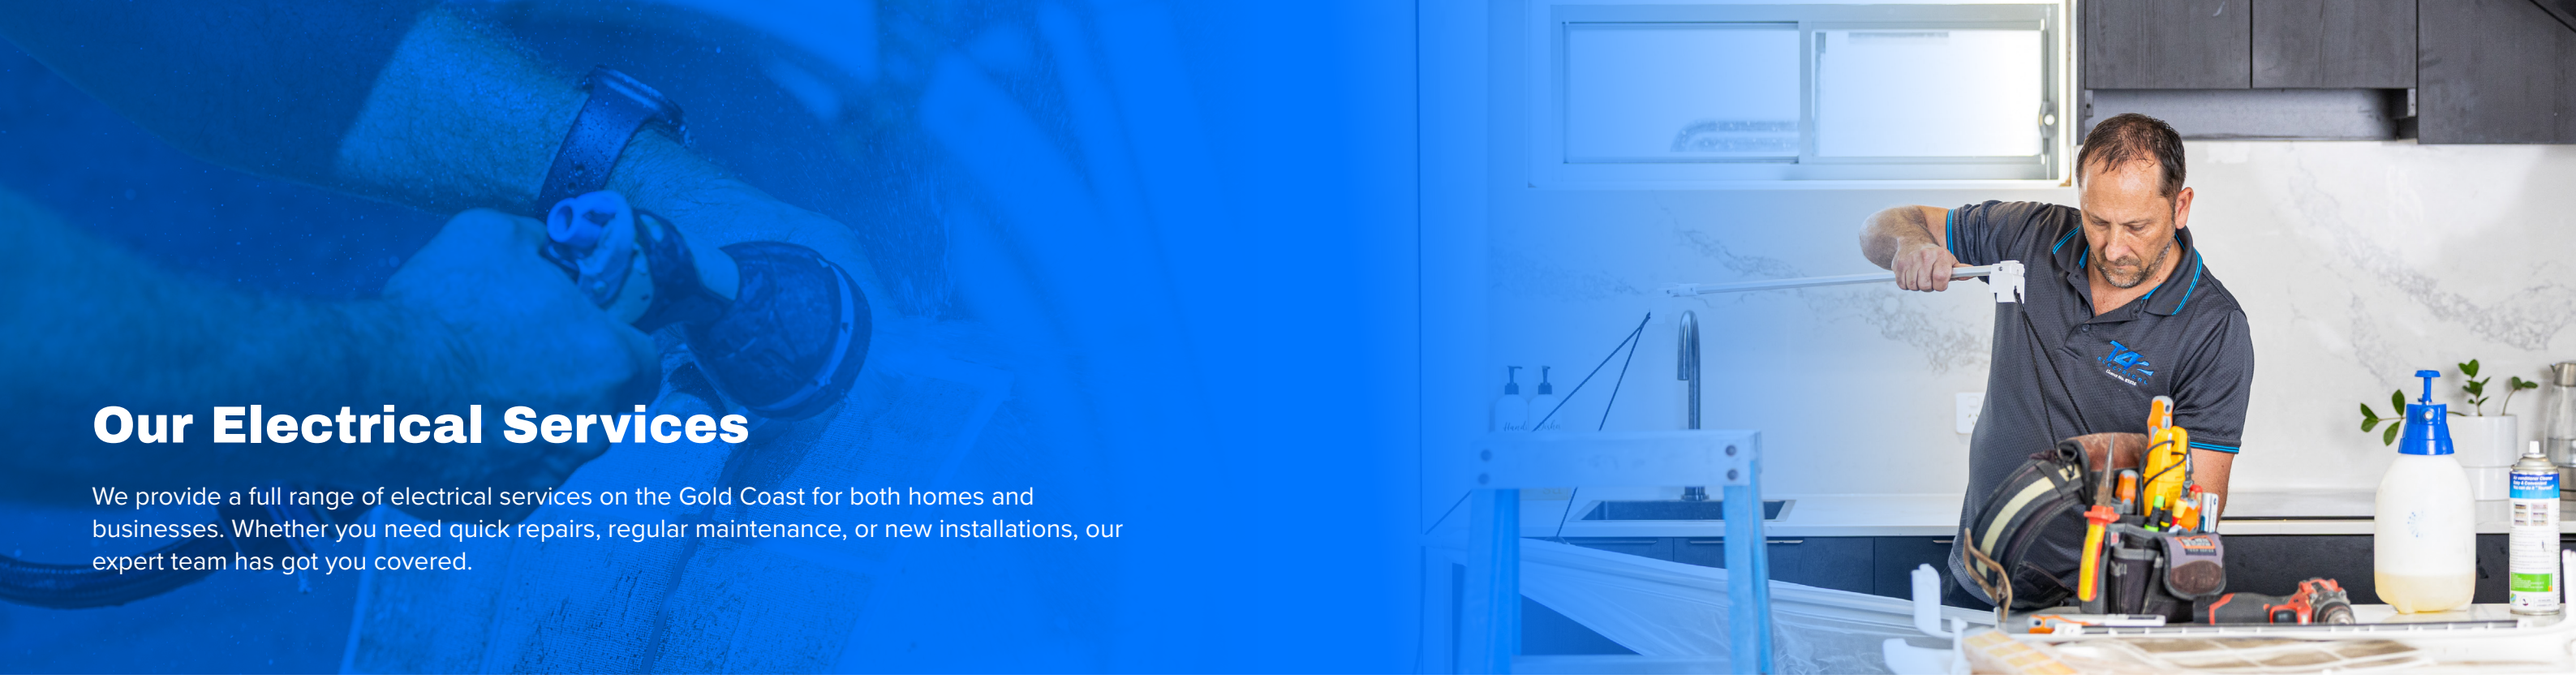

We believe in honesty from the start. That’s why we provide clear, no-obligation quotes so our clients always know what to expect.

03 Family & Community

As a family-built business, we value trust, relationships, and supporting our local community with dependable service.

04 Expertise & Leadership

Led by accredited master electricians with decades of experience, we bring technical knowledge, leadership, and innovation to every job.

Our Electrical Services

We provide a full range of electrical services on the Gold Coast for both homes and businesses. Whether you need quick repairs, regular maintenance, or new installations, our expert team has got you covered.

Residential Electrical Services

We provide all general electrical services for homes, including new installations, repairs, upgrades, and safety checks. Our focus is on delivering reliable, safe, and high-quality workmanship.

Safety Checks & Compliance

Free no-obligation electrical safety checks with a detailed written report. We ensure your home or workplace complies with current electrical safety standards.

Commercial & Project Work

End-to-end electrical services for offices, retail, gyms, and larger development projects, including planning, installation, and support.

Home Renovations & New Builds

Full electrical fit-outs, rewiring, and tailored designs for new homes, extensions, and renovation projects, working closely with builders and homeowners to deliver seamless results.

Switchboard Upgrades & Safety

Replacement and upgrades of outdated switchboards to meet current safety standards, ensuring better protection, reliability, and capacity for modern appliances.

Power Point & Data Point Installations

Additional power outlets, USB power points, and data cabling to support today's technology-driven homes and businesses.

Smoke Alarm Installations & Testing

Installation, upgrade, and testing of smoke alarms to meet Queensland's strict compliance standards, ensuring your home or investment property is legally compliant and safe.

Air Conditioning Installations & Services

Supply, installation, and maintenance of both split system and ducted air conditioning to keep your home or business comfortable year-round

Home Security & Sensor Lighting

Installation of motion-sensor lighting, security lighting, and other home safety solutions to improve security and peace of mind.

Lighting Solutions

Installation of energy-efficient LED lighting, feature lighting, outdoor and garden lighting, and smart lighting systems tailored to your needs.

Maintenance & Repairs

Fast and professional electrical repairs and ongoing preventative maintenance to keep your systems running smoothly.

EV Charger Installations

Supply and installation of electric vehicle charging stations for homes and commercial properties, supporting the transition to sustainable transport.

Our Process

We believe in a straightforward, hassle-free process to ensure you get the best service possible. From the initial quote to the completion of the job, we're with you every step of the way. Here's how we make it easy for you:

01

Request a Quote

Start by scheduling a time that works best for you. We'll visit your site to understand your needs and provide a detailed, transparent quote tailored to your project. We aim to give you a clear understanding of what's involved and the costs upfront, so there are no surprises.

02

Book in The Job

Once you approve the quote, we can either get started at time that suits your schedule. We aim to be flexible and accommodating to fit into your busy life. Our team will work efficiently and professionally to minimise any disruption to your daily routine. Communication is key, so we'll keep you informed every step of the way.

03

Job Complete

After we complete the work, you can relax knowing our lifetime workmanship warranty covers you. We stand by the quality of our services, giving you peace of mind long after the job is done. We'll walk you through the completed work, ensuring everything meets your expectations. Your satisfaction is our priority, and we're always here for any follow-up questions or future needs.

Service Locations

As Gold Coast locals with over 25 years in the electrical industry, we know what it takes to serve our community. Running a family business means everything to us—we treat our clients like part of the family, making sure every job is done with care and precision.
