

More than just a Garden Centre - We're part of the Landscape!

Greenlands Garden Centre began in 2007. What started as a small local nursery has grown into Eurobodalla's most comprehensive landscape supply yard, proudly family-owned, operated, and supported by a team of 30 knowledgeable and passionate staff. From day one, we've believed in offering more than just products. Our goal is to give every customer honest advice, premium-quality materials, and the confidence to bring their garden or landscaping project to life.
