About Us

At Gulaga, people are at the heart of who we are, what we do and why we do it. They are behind every success story and we never forget that.

Our community and stakeholders love to work with us because we operate in alignment with our values in all our interactions. Our values include safety and accountability, integrity, diversity, respect, empathy and courage.

Special Expertise

While our construction project range in value and scope, we deliver all of them on time and on budget and we bring a socially responsible and environmentally sustainable approach to everything we do. From education to civil, heritage and commercial, our focus is always on quality, safety and sustainability.

Compliance

We have certification to international Standards for their Quality, Safety and Environmental Management Systems. Our Management Systems are audited annually by an external Third Party Auditor to ensure compliance with ISO 9001 for Quality Management, ISO for 45001 Safety Management and ISO 14001 for Environmental Management.

Social Responsibility

The impact of our work is considered at every stage of a project's life cycle. This is encapsulated in our sustainability and social impact framework which sets the standard on how we will make a positive impact within our environment, our industry, our economy and our society.

Mentoring

The purpose of Gulaga Services Australia mentoring program is to achieve the best possible retention and completion outcomes for Aboriginal people in employment.

The goal is to keep Aboriginal participants on their career pathways. The Mentoring program will assist and encourage an environment where all participants
