

CAPABILITY STATEMENT

"Proudly delivering you places to live, work, create and innovate"

About us.

Kanbuild was established in 2020 by directors Mohamad Abbas and Mazen Hanna. With extensive years of experience working for tier one contractors in Australia, they have combined their knowledge, skills and expertise to create a company dedicated to providing exceptional construction services focusing on the end user specifically.

At Kanbuild, we pride ourselves on delivering high-quality construction projects across a range of sectors, including commercial, residential, and fitout. We are committed to delivering projects on time and within budget without compromising quality. Our clients will be taken on a journey where communication, responsiveness, and transparency are a must.

We understand that each project is unique, and we work closely with our clients to ensure their vision is achieved. Our attention to detail and commitment to quality has earned us a reputation for delivering exceptional results.

At Kanbuild, we believe in building lasting relationships with our clients, based on trust, transparency, and communication. We strive to exceed our clients' expectations and are committed to their satisfaction.

Our vision.

Our Vision is to revolutionise the construction industry by creating an exceptional customer journey that enables end users to make the most out of their construction projects. We strive to provide a seamless and enjoyable experience from the initial consultation to the final handover by leveraging cutting-edge technology and implementing a customer-centric approach that puts the needs of the end user first.

Our ultimate goal is to ensure that the end user of every construction project we undertake feels empowered to take full advantage of their new space. We believe that by creating a better customer journey and ensuring that the end user has access to the best resources and support, we can transform the way people experience construction projects and make a meaningful impact on the communities we serve.

The team.

“Proudly delivering you places to live, work, create and innovate”

Our services.

COMMERCIAL

PROJECT MANAGEMENT

Kan Build offers comprehensive project management services that go beyond overseeing the development process. With our expertise and strategic approach, we assess the development's requirements, identify risks, and choose the optimal project delivery and construction management methods.

REFURBISHMENTS & FITOUTS

Breathing new life into old spaces, our dedicated team creates environments that offer enjoyable living, high-performance workplaces, and remarkable networking spaces. With meticulous attention to detail, we revitalise and refresh buildings, giving them renewed purpose.

DESIGN & CONSTRUCT

Kanbuild combines design and construction expertise to deliver desired project outcomes. With in-house design capabilities, we collaborate closely with consultants, authorities, and subcontractors to develop, coordinate, and efficiently manage innovative solutions that meet both quality and cost requirements.

Joshua Michaels Protein Hub

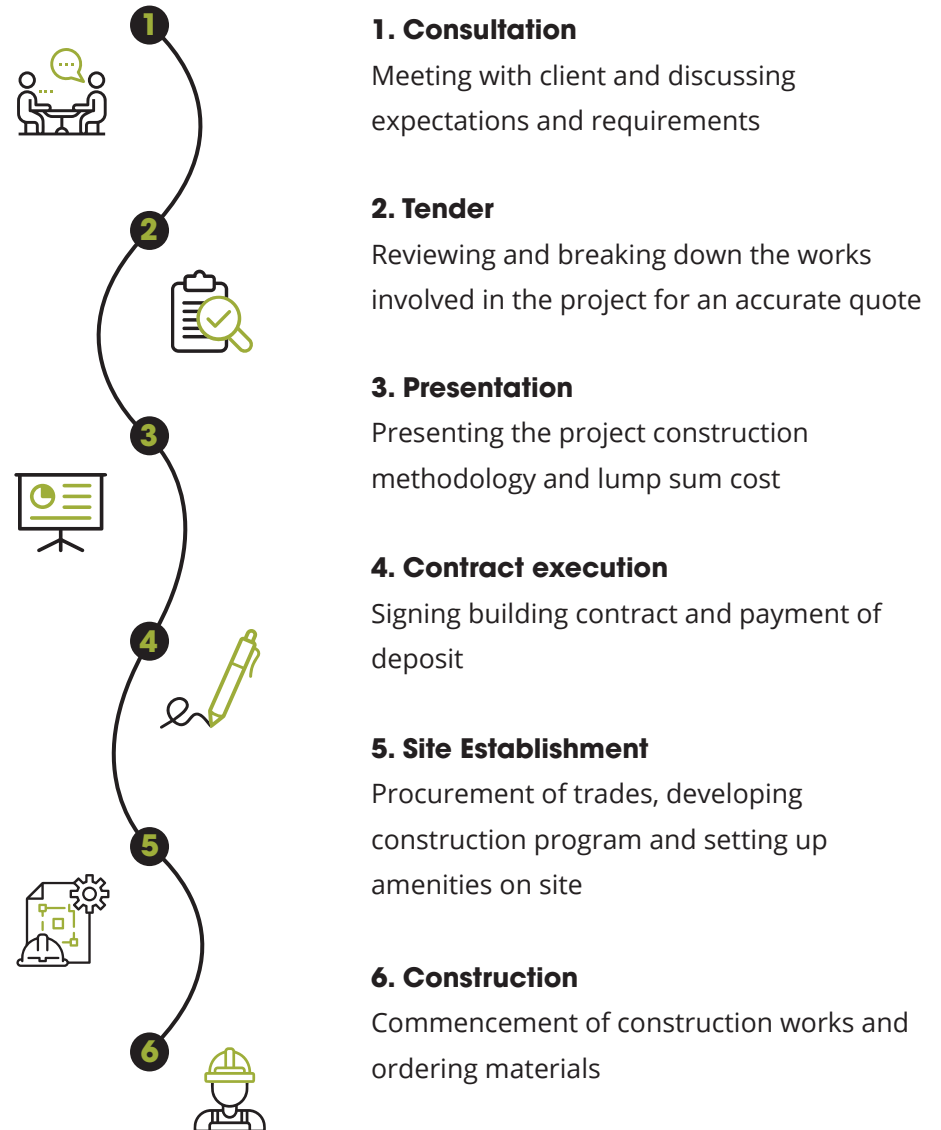

"We just finished our shop fitout during a COVID impacted few months. Kanbuild worked closely with us from consultation to completion. They were responsive to our questions and queries. Highly communicative throughout the process. They managed unforeseen issues with the build or external factors with professionalism, and more importantly, with a solution focused mindset. Their focus was on their client's satisfaction wherever possible. Their trade's personnel were friendly and respectful."

Joel Kennard Burgtec

"These guys are class operators, they get in and out fast, and have excellent attention to detail. We used them on our Sydney CBD showroom fitout, and nothing was too much for them, adapting well to a changing design while on site. Highly recommended."

Lewis Land

Mercure Hotel, Rouse Hill

"In summary, our experience with Mohamed: met deadlines, easy to work with, helpful in making difficult decisions, respectful of our unique wishes, excellent attention to detail, kind and welcoming workers. From the beginning to the end, we love the end results and are completely satisfied. We highly recommend working with Mohamed with enthusiasm, and without reservation."

Brad Fracks

Fracks Development

"We all love the new office spaces. Kanbuild fully understood what we needed for an efficient workspace. The team is friendly, responsive and professional. The standard of work was high and their ability to adjust to our design changes on the go was exceptional."
