Our History

The Green Valley Spices journey began with a passionate young businessman who dedicated his life to crafting the finest spice blends. In 1986, he migrated with his family to Australia and established Green Valley Spices in Sydney, bringing his expertise and love for flavour to a new home.

What started as a small family venture has grown into a trusted name, supplying premium teas, herbs, and spices to households, restaurants, and businesses across Australia. Today, his eldest son continues his legacy, blending tradition with innovation to create the highest-quality products.

As we look to the future, our mission remains the same—to source the finest ingredients from around the world and bring fresh, flavourful spices to kitchens everywhere.

Numbers Speak For Themselves!

At Green Valley Spices, we take pride in offering an extensive selection of high-quality products, carefully curated to suit every taste and need. Our commitment to excellence has built a thriving community of spice lovers who trust us for variety, quality, and expertise. With a wide range of herbs, spices, and specialty blends, we continue to grow, inspiring kitchens across Australia and beyond.
