COMMODORE—Jay Collins

Since the winter months are slow and we continue to work on new projects I want to show some upgrades from the past. Here is one of our seawall projects that was completed in 2011. These pictures and article were from February 2011 Ye Logge.

Seawall Update.....Almost Done!

As you can see from the pictures above, Manhattan is almost done! Grading is finishing up and they should be leaving shortly.

Next phase: Landscaping, fenders, utilities, and repairs of other disturbed areas. Landscaping will include sod and plantings will be added with attention given to the flag pole area.

Thanks, in advance, go to Jack and Carole Woods, Rudy Nieves and Steve Bryant for taking the lead on this aspect of the project. I have no doubt their efforts will be beautiful for years to come.

The second seawall was started a few years later.

Current Projects

This month we are working on getting our new fence put up on the north side of our property. Justin Howard has taken the lead on this. He had a crew out the first weekend of February to clear the debris and overgrown bushes to make way for the new fence. We also had a crew cleaning up the area around the HD&A shed.

There are a few more long-term projects that will be started this year based on need.

A Race Seminar

Gary Sander has asked me if we want to put on a race seminar this spring. He is willing to ask a good friend of his that has done racing seminars to come to our club and put one on. We are waiting for a commitment and date. Details to come.

We had our annual Beer & Chili Cookoff on the 17th of January, and the competition was intense. A big thank you to Steve and Barbara Bouska for the work they put in to get it ready. We had 17 entries this year. Judging was done by everyone in attendance. We had about 75 member attending this year. We had winners in both the red chili and the white chili areas. Steve Bouska took 1st place in the Red chili category and Allyn Baskerville took first place in the “All Other” category with his white chili offering.

This month’s party will be Mardi Gras. It is being put on by the handicap fleet Saturday, February 10. Details should be in this month’s Ye Logge.

Next month. Our entertainment committee will be putting on a St. Patrick’s Day event on March 16.

The lake is full and the weather has been fair. We are getting closer to our racing season.

For some of you it is time to get you boat ready for the season. Check with the rear commodore if you need a wet or dry slip. Not everyone is guaranteed a slip. We are working to free up some dry slips.

For those of you that may be putting your boat in the water this month, check and make sure the hoists are working. (contact one of the officers and let them know so they can have someone check out the problem) If you are new and haven’t used one of the hoists make sure to have an experienced member show you how to use them. (We, should be having a training session on the hoists sometime this month-a time will be emailed out). Even though it has been mild out we do not have the water turned on yet.

Best regards, Jay Collins, Commodore

VICE-COMMODORE—Mandy Brown

The Memorial Windows and plaques are in process. Hopefully installation will be completed in March.

In addition to the windows and north fence, there are many projects in the works and several more being considered. The OCBC Planning Committee is holding a General Membership Meeting on Saturday February 10th at 10:00am. This meeting is open to all OCBC members to help provide input on projects in need of attention in and around the club. We plan to discuss projects currently in the planning stage, determine any new projects to be added to the working list and confirm the order or priority of the current list. Please bring any ideas or thoughts! We hope to see you all there.

Fenceline Work Party – February 3, 2024

Reported by: Bruce McDermott

On Saturday, February 3, 2024 a group of around twenty members came together to begin work on the OCBC north fence line project. We cleared tree and vine growth that was imbedded in the chain-link fence on the north perimeter of the OCBC property. A new fence will be erected in place of the existing fence. The new fence will improve the aesthetics.

I would like to thank the following members for their service to the club: Cody Pepper, Neil Roberts, Mike Veasey, Mark Andrews, Greg Myner, Barbara Kiespert, Terry Cline, Tarpley McColl, John Tulp, Steve Bryant, Scott Law, Donna Law, Billy Carrouth, Paul Baresel, Ahmed Abdelaziz, Andy Davison, Rick Drennan, Mark Fish and Brice and Justin Howard.

It was a very successful day.

LADIES' SAILING—Anita Endres

Happy Valentine's Day everyone!

Hope you are staying warm and starting to gear up for another sailing season. Just a reminder that Yoga classes will start Friday Feb 9 and take place on the 2nd and 4th Fridays of the month through May. Everyone is welcome! February is for (sailing) lovers xx

Happy February! Even though Phil the Groundhog saw his shadow, we are hoping the cold, rainy weather doesn't last too long and Spring gets here soon. Is there an animal in Oklahoma that predicts water levels at Lake Hefner? That is the animal we need to be listening to!

Through these chilly months, the Lighthouse board and staff have been working hard to get our program ready for the 2024 season and we are loving some of our new items, ideas and changes we get to share with the OCBC membership!

- We are expanding our dock area by the sea wall with 60 feet of a new DockBloxx system. The configuration will be great for our camps, regattas and extra room for everybody.
- Registration is open for our youth camps. Gift certificates are available and the camp dates are listed on our calendar. Share the love of sailing this month with a gift card to one of our clinics or camps.
- Volunteer registration will open up soon. We are developing a volunteer page on our website that will keep people up to date and allow registration for everybody interested in being a part of our program.
- The Centerboard Celebration is scheduled for June 1 to kick off our centerboard season. More details soon.
- Every pic you take! We are having a photo contest! Submit your awesome photos of the water, the club, the boats, the vibe! The top twelve (or maybe more) will be featured in our 2025 Lighthouse Charity Calendar. We can't wait to see all the gorgeous photos and hopefully everyone will see them in the new calendar!

Help Wanted!

We would love your recommendations! As we expand our program, we are looking for senior sailing camp instructors for this season. If you know of someone who might be a great candidate, please let us know. Have them call Jessica Robinson @ 405-600-5355 or they can email their info to us at learntosailokc@gmail.com. Our pay will be competitive and we might also have some housing to offer out of town coaches!

Check out our website www.okclighthouse.org and follow along as we grow our program and provide more ways for our community to learn and grow in the sport of sailing.

As always we appreciate your support, your monetary donations and sponsorships. If you have an idea, question or comment, please don't hesitate to reach out to us.

Best Regards,
Jessica Robinson, Executive Director

FOR SALE: Ranger 33. Ranger 33 "Island Time" has been in my family since the 90's when she was moved to fresh lakes as a weekend liveaboard for our family. My father took excellent care of her and rebuilt the Atomic 4 gasoline engine. She sleeps 6 comfortably. There is plenty of walking head room throughout with 2 opening hatches in the main saloon, additional opening hatch the in v-berth with opening window in head. The galley currently has a microwave but we still have the original gimble stove. The head is private and is equipped with a shower. There is a hanging closet in addition to plentiful under the seat storage. The navigation station is conveniently located next to the instrument panel. Island Time is rigged with lazy jacks and a stack pack. The bimini top provides ample shade. The boom with mainsail and bimini top have been stored inside to prevent sun deterioration. Sails - she has a lot of sails! The upholstery is in excellent condition. The engine needs a new water pump and the bilge hoses could use to be replaced. Some of the interior fascia trim (aesthetic) is beginning to warp due to years of being in a marine environment. Bottom has superficial surface blisters only. Instruments include depth finder, knot meter, and wind direction indicator. Island Time is for sale with or without trailer.

Without Trailer\$10,000; With Trailer \$20,000; Trailer details (not available without Island Time) Galvanized triple axle trailer. Series SWTPLL032-15K. Features: Keel Guides, Bow 'V' Riser, 8 Screw Pads, Dropleg Pivoting Jack Stand, 2 Rear Jack Stands, All Electric Brakes, 15 ' Wheels, Tires LRD.
