PAYMENT STRUCTURE	Stipend paid after successful completion of the foster placement (or at another time as determined). Paid directly to the foster participant.
	OUR SHARED IMPACT	You help a Puppy BREATH Project dog thrive—and invest in your own future.		OUR SHARED IMPACT	You help a Puppy BREATH Project dog thrive—and strengthen our community.
	Because when you grow, our community grows.			Because every act of care saves a life.	

ABOUT THE PUPPY BREATH PROJECT

Puppies from our litters go through an early enrichment, training, and socialization program until 20 weeks of age. At 20 weeks, they become available for adoption and fosters.

TWO PATHS. ONE MISSION.

Whether you are a student or an adult, your commitment helps raise better puppies and builds a better future for all.

Thank you for being part of the Puppy BREATH Project.
Together, we make a difference—one puppy, one person, one future at a time.
