Senior Spotlight

Shirley

This week, we're excited to introduce one of our wonderful residents, Shirley!

Shirley was born and raised on a 240-acre farm near Adair, Iowa, where she grew up alongside her nine siblings. As a child, she loved spending time with animals and especially cherished her own cow, calf, and dogs.

She attended the one-room Bear Grove #7 School through the seventh grade before continuing her education at Adair High School, where she enjoyed singing in the choir.

After high school, Shirley worked at Look Magazine in Des Moines until she started her family. She has always enjoyed knitting and crocheting, skills she learned in fifth grade and proudly showcased in county fair competitions.

Family has always been the heart of Shirley's life. She was married to her husband, Ron, for 59 wonderful years. Having grown up on neighboring farms, they knew each other their entire lives before marrying on June 18, 1961. Ron worked for Younkers for 47 years, refinishing and restoring furniture with great skill and pride. Together they raised three children—John, Rhonda, and Matthew—who remain a cherished part of her life.

We're so happy to have Shirley as part of our community. If you see her around, be sure to say hello! ❤️
