

HELLO, I'M GREG HILLMAN

I am a tenured veteran in the oil and gas industry, with almost 4 decades of experience. I've been involved in almost every aspect of oil and gas, from developing future prospects, obtaining oil, gas, and mineral leases, drilling, completion, operation, 3-D Siesmic shoots and production.

At home in Dallas, Texas, I promote energy independence by reducing the country's reliance on foreign oil by BRIDGING THE GAP between qualified private capital and the Oil & Gas Industry.

In my spare time, I proudly support our fallen heroes, POW, and MIA by riding with the Patriot Guard Riders and participating in the Run for the Wall.

HOW I CAN HELP YOU

I am your trusted resource for qualified oil and gas investing in the energy industry, having invested almost 4 decades representing individual private equity partners, family offices and private partner groups. I've assisted partners to discover and produce more than 15 million barrels of oil and 500 billion cubic feet of natural gas.

Through decades of significant industry and global changes regarding oil and gas investment strategies and technological changes that have altered the energy space, I am your eyes and ears at the forefront of the industry. I'm dedicated to helping qualified oil and gas investors play a role in achieving energy independence for the United States.

Connect with me to receive specialized oil and natural gas investment services, including:

- lease banking
- overriding royal interest acquisition
- acquiring producing properties
- developmental drilling programs

DW OIL & GAS PARTNERSHIPS
