UKRAINE 

Edu for Every Child

USIDHR team traveled to Romania on a humanitarian mission in March 2022, immediately after the war started in Ukraine, to support Ukrainian mothers and children arriving daily at the CATTIA Refugee Center in Brasov, Romania. While many organizations focused their efforts on other regions, such as Poland, Germany, and Austria, USIDHR aimed to help the the poorest and those who cannot travel long distances at one time come to centers such as this. In partnership with Pro Afaceri, the Brasov City Hall, and the Center for Integration of Migrants Brasov, USIDHR provided much-needed supplies such as food, baby formula, milk and water. Also, USIDHR team delivered a FREE human trafficking prevention training for the center staff, volunteers, and Ukrainian refugees to help equip them how to protect themselves and their loved ones against the dangers of human trafficking.
