Speaking Business Bootcamp

Included in the GPS Mastermind

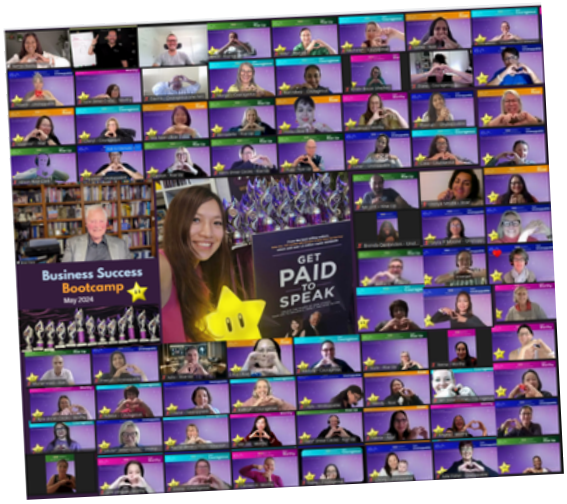

This isn't just another Bootcamp; it's THE event that will transform your speaking career and help you achieve success in both your personal and business life.

In the past, we've hosted international top author and speaker Brian Tracy, billionaire Bill, and top speaker Lisa, who have all inspired us with their wisdom. Webinar expert Jon, who generated over $100M in revenue in just one year, has also shared his most valuable strategies to help speakers like you grow.

But it doesn't stop there! Kaley Chu, your guide throughout the Bootcamp, will keep you motivated, accountable, and focused on turning your speaking business into a thriving success.

This Bootcamp will not only provide you with practical tools and insider knowledge, but it will also connect you with an inspiring community of like-minded speakers who are on the same journey.

Don't miss out! This could be the event that changes your life and business forever!

I have immensely enjoyed these 2-day bootcamp. It was unique in that Kaley , you shared your story authentically, with simplicity, and transparency. You had authority on everything that you presented and the guest speakers were phenomenal ! They are all humble and generous with their experiences and knowledge.
Kaley , you embrace us like your family and your genuine offer and gratitude speaks volume.
I look forward to the next bootcamp and new innovative ideas. Some day soon we should meet up. All I can say that there is only one **Kaley W Chu** and you are a dreamer who is resilient and not deterred by rejections. It is my honor to know you and work with you.

Brenda [redacted]

What a day!! Totally Mind blowing for me to attend Day 1 BootCamp with Kaley W Chu!

I joined Kaley's Speaking Program Get Paid to Speak (GPS) Mastermind a few months ago and feel really blessed & grateful to be part of her program as she gave us so much value and resources!! And today's training was beyond my "wildest dream" to listen to 2 such high-profile but humble individuals. Lisa McInnes-Smith the top 3% of the keynote speaker in the world & Bill Zheng a billionaire who runs the biggest project in Australia. Brain "frying" is really an understatement!! Thanks so much for all the golden nuggets shared today!!

Key Takeaways from them: The bigger the goal you have to serve people; the more the universe conspires to help you
