FIRE ALARM CABLE

Power-Limited Multiple Conductor / Unshielded

Product Description

Construction	Specification
Conductor	ASTM bare copper
Insulation	PVC insulation
Core Construction	Twisted pair or cabled construction
Jacket	Overall PVC jacket

Applications - Indoor

Applications
Audio circuits
Control circuits
Initiating circuits
Notification circuits

Product Rating

Item	Rating / Compliance
NEC Type	FPLR
Listing	(UL) Listed
Voltage	Meets 300 V requirements as specified in the NEC
Flame Rating	UL 1666

Typical Construction

Unshielded power-limited multiple-conductor fire alarm cable with ASTM bare copper conductors, PVC insulation, twisted-pair or cabled core construction and an overall PVC jacket.
