TESTIMONIALS

“

One day while I was at an event in an old business Ms Avant was one of the speakers. As she spoke I felt like she was talking right to me. Her words were so powerful that it taught me how to believe more in myself. At that time in my life, I wasn't excited about where I was going, I was broke and disgusted with not having hardly any money I was living off of the money I was getting from welfare. Today because of Ms. Avant's words and wisdom I kept going on. Thank you for always recognizing me at the events.

Ms. Taurea Avant is the type of person you feel comfortable walking up to and asking to connect. She is so down-to-earth, real, and honest. She gives real-life circumstances examples you can use. She is a very intelligent and transparent speaker. After hearing her speak I feel like I have really understood her message and can apply it.

“

To hear Taurea speak is transformational. She has a way of bringing you in with her storytelling and making you feel as if you are part of her story. She has the ability to make you laugh to cry to walk away from her engagements with a renewed sense of self. She is educated about what she speaks about, and very professional. As a motivational speaker myself she motivates me to do great and better things. And I cannot wait to be in her presence once again.
