# RETAIL BONUS

PAID OUT WEEKLY

## PRODUCT SALES BASED

At Vital Health, retail sales are built around real customers purchasing products for personal use. The Retail Bonus rewards Affiliates for helping customers access Vital Health products through direct, retail transactions.

### 1) Purchase and resale of the product

#### How the Retail Bonus Works

Affiliates earn retail earnings when a retail customer purchases products through their personal website or via approved in-person sales

Earnings are based on the difference between the discounted price and the retail price

Retail earnings are paid weekly

#### Example (Illustrative Only)

If an Affiliate purchases a product at a discounted price of \$8.50 USD and a retail customer purchases the same product at the retail price of \$17.00 USD, the price difference represents the retail margin on that sale.

### 2) Digital Sales in Your Virtual Store You receive the same profits as with physical resale.

#### Fees and Payments:

 NOTE: A 5% fee is applied to the profit. If you earn \$100 USD, \$5 USD is deducted and you receive \$95 USD.

# HOW TO ACHIEVE RANKS

## CALENDAR MONTH QUALIFICATION

At Vital Health, rank advancement reflects the total volume generated from purchases throughout the network of personally enrolled affiliates and their customer's orders, depending on the size and balance of your organization.

This approach ensures simplicity and flexibility, allowing Affiliates to focus on supporting customers, promoting product usage, and building sustainable sales volume without rigid structural or recruiting requirements.

### How Rank Advancement Works

- Ranks are determined by the total Group Volume (GV) of your sponsorship network.
- To advance, you must have personally enrolled customers or affiliates purchasing products each calendar month and accumulate the volume of sales requirement while maintaining a balanced customer base.
- The system calculates your Group Volume (GV) at the end of each calendar month, based on the volume and balance of customer sales among your personally sponsored network of affiliates

### Group Volume (GV) is generated from

- Welcome Packs from preferred customers.
- Product purchases from retail customers, preferred customers and affiliates orders.

### Volume Distribution and 70/30 or 60/40 Rules

- The system calculates the total volume generated under each of your personally enrolled affiliates within your Unilevel genealogy.
- The leg with the highest volume (strong leg) is limited to 60% or 70% of the required GV, depending on the rank.
- The remaining volume must come from outside that leg, personal orders or your enrolled retail customers.

### Why This System Works for You

- No strict structural requirements — just growth based on volume.
- Affiliates can earn at their own pace, without pressure to maintain ranked team members.
- Simple and fair system — focused on sales and customer acquisition to increase your volume-

# Rank Qualification Scenarios – Examples

## Scenario 1

Using two strong legs (60/40 Rule) Imagine you need 10,000 GV to qualify for a certain rank:

- One strong personally enrolled affiliate contributes 6,000 GV (60%)
- A second personally enrolled affiliate contributes 4,000 GV (40%)
- You qualify because the first leg does not exceed 60%, and the second meets the 40% requirement.

## Scenario 2

More balanced team (multiple contributors) If you need 10,000 GV, you could have:

- Four personally enrolled affiliates each contributing 25% (2,500 GV)
- You qualify because no affiliate exceeds 60% of the total volume, and the structure is well balance.

## Scenario 3

Aquiring and Maintaining Customers who order products. If you needed 10,000 GV you could do this by:

- You enroll 50 Retail or Preferred Customers who place an order of 200 PV
- Since you can reach Rank Milestones with personally enrolled customers you can create an upfront and monthtly income stream by simply helping others access our exceptional products!

## Why this rule matters:

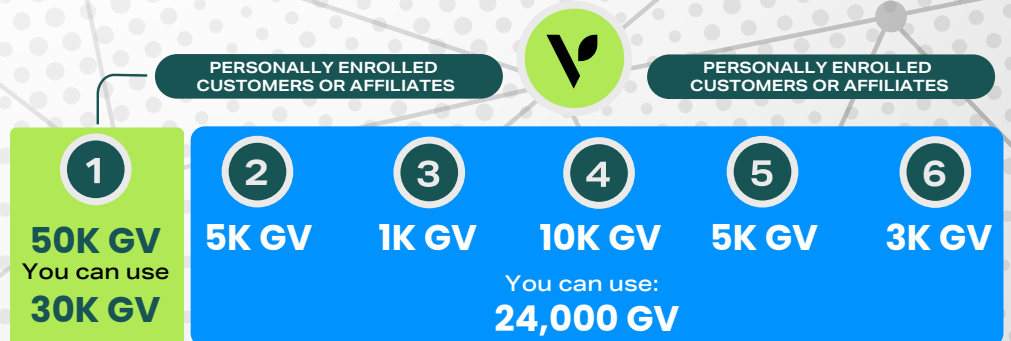

- Prevents rank inflation, ensuring qualification doesn't depend on a single strong leader.
- Encourages leadership development — leaders must help multiple team members grow rather than rely on one top producer.
- Promotes long-term stability by creating multiple sources of volume, reducing the risk of major loss if a key producer leaves.

## Diamond Rank Advancement Example

you have 6 personally enrolled Retail or Preferred Customers.

you can use 60% of the Group Volume Requirement from any one leg of your business, in this case 30,000 GV.

If Leg 1 has 100,000 GV you can use 30,000 GV towards your personal rank advancement.

54,000 GV IS OVER THE REQUIRED AMOUNT = DIAMOND!

# RANK ADVANCEMENT BONUSES

ONE TIME OR MONTHLY PAYMENT

## Rank Advancement Bonuses – Rewarding Your Growth

At Vital Health, rank advancement is a reflection of customer-driven growth. As you reach higher milestones—starting at Platinum—you may earn one-time cash Rank Advancement Bonuses that recognize sustained progress and consistency.

### How It Works

When you reach a new qualifying rank (Platinum and above), you become eligible to receive a cash bonus associated with that rank.

- To receive the bonus, you must requalify for the same rank in the following calendar month.
- If you qualify for a rank one month but do not requalify the next, you don't lose the bonus — it simply remains pending.
- Once you actively requalify for two consecutive months, the bonus will be unlocked and paid.

## Advancement Bonuses

# UNILEVEL BONUS

PAID OUT MONTHLY

The Unilevel Bonus is one of the most powerful ways to build long-term residual income through customer purchases and team sales.

This structure allows you to earn up to three fixed levels, and as you advance in rank, you unlock unlimited levels and generational bonuses, extending your earnings to unlimited depth.

How it works:

- Starting from the second purchase made by a Preferred Customer or Affiliate, CV (Commissionable Volume) is generated and paid through the Unilevel Bonus.
- If a customer or affiliate purchases individual products or a Welcome Pack as their first order, that purchase is not paid through the Unilevel Bonus but is added to the Dual Team and Matching Bonuses.
- The first 4 levels pay a fixed percentage; from the fifth level onward, earnings are based on an infinite depth differential structure with a generational leadership element (on next page).

## Earnings Structure – Fixed Levels (1st to 4th Level)

**1st Level:** Earn 10% of the CV from all Preferred Customers and Active Affiliates you have personally referred.

**2nd Level:** Earn 10% of the CV when you have at least two active direct referrals.

**3rd Level:** Earn 20% of the CV when you reach the Bronze rank or higher.

**4th Level:** Earn up to 14% to infinite differential depths, depending on your rank.

**Beyond the 4th Level:** You begin earning to infinite levels once you qualify as Sapphire or higher. As you advance, you unlock the Infinity Bonus, which allows you to earn at unlimited depth through a differential payout structure.

## INFINITY BONUS

### PAID OUT MONTHLY

The infinity bonus is earned from your forth level of affiliates and potentially throughout your entire network of customers ordering products, supported by a differential rule spreading out the 14% available through infinite levels, dependent on the achieved ranks of your affiliates and their organizations.

However, if someone in your organization qualifies at the Gold rank (4%), you will earn the difference between your 12% and their 4%, which means you earn 8% from that point downward.

This structure ensures that consistent customer sales are rewarded at every stage, while naturally supporting continued growth and progression through the rank milestones.

## Generational Bonus PAID OUT MONTHLY

When someone in your organization reaches the same rank as you, a Generational Bonus is activated.

### EXAMPLE:

- If you are Triple Diamond and someone in your personally enrolled network of affiliates reaches Triple Diamond, you no longer earn a differential bonus below that person. Instead, this starts a new generation, and you earn a separate Generational Bonus from Triple Diamond downward to infinity, until another Triple Diamond appears.
- Each affiliate who reaches the same qualified rank as you creates a new generation.
- Vital Health pays up to 2 generations of leadership ranks

## Unilevel Payout Structure

- 40% is paid through the first 4 levels affiliates and all of their retail or preferred customers.
- 14% is paid through a differential structure to potentially infinite levels.
- 3% is paid through the generation of other Affiliates who are achieving the same rank as you.
- 57% is the total paid throughout an entire network of Affiliates and their customers

## Unilevel Carryover Program

Carryover Welcome Packs purchased from the 25th towards your next NEW Rank!

Carryover Volume is only applied when Vital Health activates this program. When activated, Welcome Packs ordered after the 25th of a month within your organization will carryover towards the required GV to your Next Highest Rank.

### Example:

Your Highest Rank Achieved is Emerald and your team enrolled 5,000 GV in Welcome Packs from the 25th and in the following month you accumulate 45,000 in GV during that calendar month. You would achieve the New Highest Rank of Diamond by combining the Carryover of 5,000 and 45,000 from the calendar month.

Carryover Volume does not count towards re-qualifying for Ranks to earn Rank Advancement Bonuses. Re-qualification is achieved by accumulating the required GV for that rank in calendar month.

# GOLD AUTO BONUS

# DUAL TEAM BONUS

PAID OUT WEEKLY

The Dual Team Bonus rewards you for building a balanced team and generating sales through Preferred Customers and affiliates. This system allows for strategic placement and spillover benefits, maximizing the earning potential for everyone in the organization.

## How to works:

- First Order and Welcome Packs with BV count towards Dual Team Bonus.
- Your enrollments may fall under other team members but they remain directly enrolled by you.
- You can place enrollments under another team members.
- If enrollments of others above you fall into your team you can earn from that BV as well if it is on your smaller team.

**EARN UP TO 20% FROM YOUR SMALLER TEAM'S WEEKLY BV.**

## Earnings and Payout Structure:

You Dual Team Bonus is paid weekly based on the BV accumulated in the smaller team. You receive between 10% and 20% of the BV from your smaller team. Once commissions are paid, the BV used for payouts is deducted from both them. Any unmatched volume from the larger team is carried over to the following week, allowing continuous growth.

You must be Dual Team qualified to earn this bonus with you being active with 50PV, having one personally preferred customer or affiliate with 50PV on your left and right teams

**As a qualified Dual Team affiliate you will begin by earning 10% from your smaller team's BV and this can be increased by becoming a Rising Star or advancing in Rank:**

### BECOMING A RISING STAR

Enroll 3 Active Accounts  
Earn —> 12% Dual Team Bonus

Enroll 4 Active Accounts  
Earn —> 13% Dual Team Bonus

Enroll 6 Active Accounts  
Earn —> 15% Dual Team Bonus

### ADVANCING YOUR RANK

Bronze Earn —> 12% Dual Team Bonus

Gold Earn —> 12% Dual Team Bonus

Platinum Earn —> 15% Dual Team Bonus

Diamond Earn —> 20% Dual Team Bonus

Once you advance to a Rank you'll start earning the corresponding Dual Team Bonus percentage as long as you maintain the Rank.

OR

# The Welcome Packs contain the following Binary Volume (BV) points

WELCOME PACKS	POINTS
Basic pack	75BV
Essential Pack	150 BV
Premium pack	300 BV
Elite pack	600 BV

## HOW IT IS CALCULATED

The Dual Team Bonus rewards balanced business growth driven by product orders placed across your organization. When new customers or affiliates place qualifying first-time orders or Welcome Packs that generate Binary Volume (BV), that volume contributes to your Dual Team structure.

As volume accumulates on both sides of your business, you may qualify to earn the Dual Team Bonus.

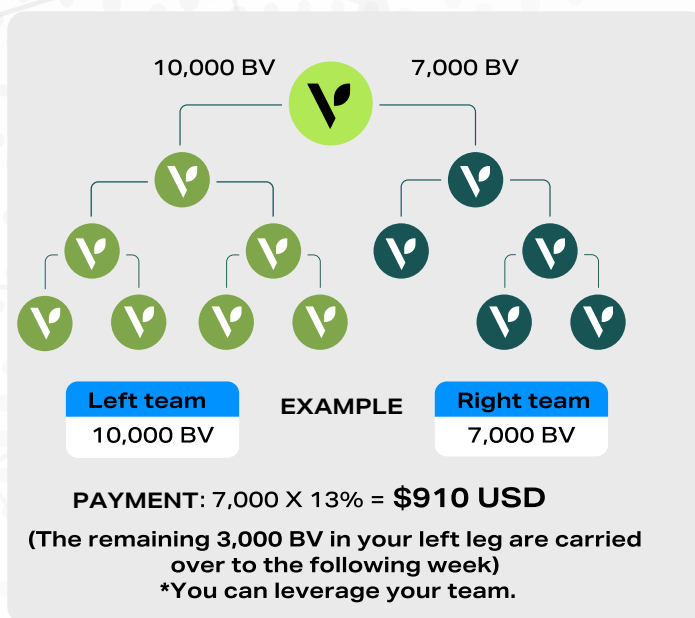

### Example of Calculation:

In one week you accumulate:

- 10,000 BV In your left team
- 7,000 BV In your right team

The Dual Team Bonus is calculated based on the smaller team, so the system will use 7,000 BV (right team) to determine your payout.

Commissions earned from the Dual Team bonus in any given week is based on your rising star qualifications or paid as rank, which is earned through sales and team growth.

### Sample Earnings (Gold Rank Qualification)

If you qualify for the Gold rank, your binary bonus rate is 13%.

**Bonus Calculation:** 13% of 7,000 BV = \$910 USD paid that week. Since only 7,000 BV were used, the remaining 3,000 BV from your left leg are carried over for future weeks.

### Accumulated Sales:

Unused BV is carried forward as long as you remain active (50 BV per month) through personal or customer sales.

You can accumulate up to 500,000 BV on one leg, allowing you to maximize future earnings.

The system pays up to \$25,000 USD per week.

### Requirements:

1. Accumulate 50 PV or more prior to the week of weekly commissions.
2. Have one personally enrolled preferred customer or affiliate on your LEFT team with 50PV prior to the week of payout.
3. Have one personally enrolled preferred customer or affiliate on your RIGHT team with 50PV prior to the week of payout.

# MATCHING BONUS

PAID OUT WEEKLY

**EARN 50% OF THE DUAL TEAM EARNINGS FROM YOUR PERSONALLY ENROLLED AFFILIATES.**

## Matching Bonus

The Matching Bonus recognizes the role you play in supporting consistent customer acquisition from your personally enrolled affiliates. As you help others develop healthy customer bases you can earn a Matching Bonus on the results they generate.

Once you qualify at Silver rank or higher, you earn 50% of the Dual Team Bonus paid to each of your personally enrolled affiliates (Level 1). This is not deducted from their Dual Team Bonus, this in addition to it!

## How It Works

When a personally enrolled affiliate earns a Dual Team Bonus through qualifying product volume and balanced growth, you receive 50% of that Dual Team Bonus as a Matching Bonus.

This reward is designed to encourage:

- Ongoing support and education

There is no cap on Matching Bonus earnings.
