Let your umbrella protect you

countryfinancial.com

Policies issued by COUNTRY Mutual Insurance Company® and COUNTRY Casualty Insurance Company®, Bloomington, IL.

Here's an example of how an umbrella policy can protect your family:

You are hauling your son and 3 of his friends to a soccer game. On the way, you cause an auto accident and the injuries to others is \$600,000.

You have auto insurance, but the total bodily injury limit is only \$500,000 leaving you with an obligation of \$100,000.

If you have an umbrella policy, it could cover the \$100,000 your auto policy didn't...leaving your nest egg intact.

You've carefully protected your family with auto, home and life insurance. But, is that enough?

For less than \$15 per month*, you can protect your family with \$1 million of liability coverage. That's a lot of coverage to help protect your nest egg, future earnings and other assets if you're found responsible for another person's injuries.

Umbrella insurance from COUNTRY Financial® is an affordable way to make sure you're protected if the unexpected happens.

Umbrella insurance can give you:

- \$1 million or more in liability coverage.
- Additional liability coverage over the policy limits of your auto or home policies which helps you pay for damages you cause to other people's property or injuries to other people, including their medical bills, if an accident is your fault.

It's true that life is unpredictable. Get protection for the unexpected with an Umbrella insurance policy from COUNTRY Financial. Contact your local COUNTRY Financial representative or visit us at countryfinancial.com.

This brochure describes the highlights of the umbrella insurance policy issued by COUNTRY Mutual Insurance Company and COUNTRY Casualty Insurance Company and is not a contract or statement of coverage. For a complete description of all coverage, options, exclusions and limitations, please refer to the policy.

Umbrella Insurance and Your Family's Financial Security

You work hard so you and your family can live comfortably. But what if you were suddenly faced with losing everything you've worked for?

What If...?

- ◆ **You or one of your children is at fault in an auto accident that causes severe injuries to other people.**
- ◆ **Your dog gets spooked and attacks a neighbor's child. The child needs multiple reconstructive surgeries and sustains permanent scars.**
- ◆ **A guest slips and falls walking up your front steps and injures her spinal cord, resulting in a lifelong disability.**

With Umbrella insurance, COUNTRY Financial® helps you balance your need to protect what you have with your desire to build for the future.

With the prevalence of lawsuits these days, it's not uncommon to be sued if you are at fault for another person's injuries.

One lawsuit can end up costing hundreds of thousands of dollars. And the greater a person's assets, the more is at risk potentially. Your auto and home policies provide some liability protection, but depending on the severity of the injuries, it may not be enough. This means you would be responsible for paying the rest out of pocket. Your home, your life savings, or even some of your future wages could all be at risk.

An Umbrella insurance policy can help you safeguard what you've already achieved and are enjoying today. You can select liability coverage of \$1 million or more. Umbrella insurance through COUNTRY Financial is extremely affordable, and it's an important part of your overall financial security plan.
