

We're stepping into 2026 celebrating a simple but powerful truth: every step matters. Our commitment runs deeper than ever—to ensure education shines as a guiding light for young people across Venezuela. In these pages, you'll see the milestones we're reaching together, and meet the families moving forward with strength, dignity, and hope.

Activation of 5 Growth Centers in Venezuela.

### VENEZUELA EMPRENDE GROWTH HUB 4

Official launch of our entrepreneurial training platform.

### MIGRANT INITIATIVE

Launch of practical, dignity-focused support for immigrants.

### SOLIDARITY CAMPAIGNS 5

Be the Difference.

## 2025: IMPACT IN ACTION

2025 was our year of intentional growth.

We took bold steps at Juntos We Grow—transforming vision into action. We laid strong foundations, deepened our programs, and officially launched three core initiatives, all guided by one conviction: realimpact takes structure, consistency, and purpose.

None of this happens without people like you—partners who believe in authentic, community-led transformation. Thank you for walking this road with us and helping plant the seeds of a brighter future.

## NEWS

Problem identified

### 6th Edition of the "Educa Valores" Gathering Strengthens Values-Based Education for Children

Last June, over 700 children, families, and teachers came together in El Hatillo, Venezuela for the 6th annual Encuentro Educa Valores. This wasn't just another school event—it was a day where values came alive through creative activities, music, and hands-on learning.

Children explored what it means to regulate emotions, show empathy, give respect, and use imagination—skills that are critical for growth, especially in communities facing real hardship.

But here's what made it special: values weren't taught from a textbook. They were experienced. Kids discovered through stories and play that character-building creates resilience and opens doors to hope.

## CHILDREN & YOUTH GROWTH CENTER

### Where Children Grow With Dignity and Purpose

Our Growth Centers are more than safe spaces—they're places where children find love, care, and a community that believes they can thrive. Academic help matters, but what really transforms lives is knowing someone sees your potential.

In 2025, five centers served 345 children through:

- Creative workshops that help kids express emotions and build confidence.
- Hands-on activities that make learning come alive.
- Reading programs using Bible-based stories that develop imagination and character.

With your help, we're keeping these centers strong, opening new ones across Venezuela, and providing nutritious snacks—small acts that communicate dignity and care. Each center plants seeds of transformation in an entire community.

### "More Than School Supplies: Tools of Hope"

Through our School Supplies Campaign, we made sure every child in our Growth Centers had the notebooks, pencils, and materials they needed to learn and succeed this year. That only happened because of generous people like you.

### "A gift with purpose can change a life"

This Christmas season, we brought joy to children in our Growth Centers through gifts and celebrations. Every contribution became a smile, a memory, and a reminder that hope is real—even in hard times.

## VENEZUELA EMPRENDE GROWTH HUB

### Training That Fuels Economic Reconstruction

The Venezuela Emprende Growth Hub launched in 2025 to address a real gap: talented entrepreneurs with strong ideas but no access to structured training or mentorship.

This year, we opened the platform and activated modules in critical areas—business management, marketing, finance, and purpose-driven development. We also began our first leadership mentorship sessions.

But Venezuela Emprende is about more than business skills. We're empowering people who will drive economic and social change in their communities for years to come.

## MIGRANT FORWARD INITIATIVE

### Launching a Project With Practical Tools to Support Immigrants in the U.S.

This year, we launched the Migrant Forward Initiative—born from sitting down with immigrants and hearing what they actually need.

We offer clear, practical guidance on topics like building credit and avoiding costly mistakes that can set families back. It's about giving people the tools to move forward with confidence in a completely new country.

Our mission is straightforward: no one should have to figure this out alone in the dark. We're here to turn fear into confidence and uncertainty into dignity.

## TOGETHER, WE MAKE IT HAPPEN!

### "Sowing Together so We Can Bloom Tomorrow"

2025 was a year dedicated to building strong foundations. In 2026, we look forward to growing, expanding our reach, and strengthening each of our projects.

We believe in communities that flourish when empowered by dignity, learning, and hope.

Thank you for being part of our journey.

Together, we plant hope.  
Together, we shape leaders.  
Together, we build the future.

### Be the difference

Your support transforms lives. At Juntos We Grow, we cultivate hope through three key initiatives:

- Children & Youth Growth Centers where kids discover their potential
- Venezuela Emprende Growth Hub equipping entrepreneurs to build sustainable businesses
- Migrant Forward Initiative giving immigrants the tools to move forward with confidence

When you give, you drive real, lasting change. Join us and help our community continue to bloom.
