Together, We Make It Possible 4

SETTING THE COURSE FOR THE YEAR AHEAD

327 lives impacted: This is how our 2026 began—a season to strengthen the foundation we are building together. At Juntos We Grow, we move forward with one certainty: when a child receives nutrition, mentorship, and education, their entire future is transformed.

This period marked the launch of our Teacher Academy and the groundwork to reach new communities. None of this happens without partners like you who choose to sow hope where it is needed most.

Feeding Today, Equipping for Tomorrow.

NEWS

Problem identified

Nutrition and a safe environment are the cornerstones of concentration, consistent attendance, and emotional well-being.

A well-nourished child learns better, engages more, and dares to dream bigger. In vulnerable communities, school-based nutrition is the decisive factor in a child's cognitive development and future success.

Current research proves that a nutritious snack boosts concentration and classroom participation. Proper nutrition also lowers the toxic stress that often blocks a child's ability to learn and retain information.

Programs integrating healthy meals with mentorship are the key to closing the achievement gap.

At our Children & Youth Growth Centers, we combine nutrition with mentorship to build a solid foundation for every child. Feeding Today, Equipping for Tomorrow. Your support turns these goals into reality. Donate today and nourish a child's future!

CHILDREN & YOUTH GROWTH CENTERS

Sustaining Today, Powering Tomorrow

Our Children & Youth Growth Centers are safe havens where every child's potential is recognized and nurtured. We currently serve 327 children alongside 18 dedicated teachers across Apure, Zulia, and Bolívar. Maintaining quality nutrition and supplies is vital to their success.

Your generosity protects this foundation. Today, that same momentum fuels our expansion into Barinas, Aragua, and Guárico to reach 150 more children.

Feeding Today, Equipping for Tomorrow.

A Space to Learn and Dream

Samuel, a second-grader at our Zulia Growth Center, once feared reading aloud. Today, thanks to consistent mentorship and proper nutrition, he participates with confidence and dreams of becoming a teacher. Samuel's transformation is the direct result of your generous support.

The Juntos We Grow Teacher Academy

This year, we launched our Academy to equip educators with a scalable model integrating core values into language arts, mathematics, environmental stewardship, and leadership development.

TOGETHER, WE MAKE IT POSSIBLE!

Sowing Together to Flourish Tomorrow

2026 is our year of expansion, but it is also a year to ensure that no child is left behind in our Children & Youth Growth Centers.

To scale our mission with order and pedagogical excellence, we must secure a steady supply of educational materials, nutritious snacks, and learning tools, while providing ongoing professional development for our teachers.

Your contribution is the bridge: it sustains our current impact while making our future possible—opening new doors of opportunity in the most vulnerable communities. Thank you for being a vital part of this story.

Be the difference

Every dollar is a seed that breaks the cycle of poverty and plants a vision of success. We are doing more than providing meals; we are empowering the leaders who will transform their communities from within.

Your Impact in Action

\$20/month – Sponsor a Child:

Provides snacks and learning materials so one child can learn and grow.

\$50/month – Support the Mission:

Helps sustain Growth Centers and expand opportunities for more children.

\$100/month – Empower Mentors:

Supports the training and resources for mentors guiding children.

\$500/month – Equip a Growth Center:

Provides materials, furniture, and snacks for up to 25 children.
