ACTIVATION IMPACT REPORT

WHAT YOU BUILD MATTERS.
THE IMPACT YOU LEAVE IS ETERNAL.

**BROOKE
THOMAS**
LIVE OUT LOUD

Dear Leader,

When I look at what's been built inside the Elite Mastermind this year, I don't just see numbers, I see legacy in the making.

This community is proof that when high-capacity women choose multiplication over overthinking, partnership over isolation, and faith over fear, expansion in business and life follows.

We've witnessed million-dollar revenue months, national stages, magazine features, book launches, industry awards, and business partnerships that are changing entire markets. But more than that, we've watched marriages restore, families heal, children accept Jesus as their Lord and savior, and women step fully into the calling they've been running from for years.

This report isn't just a celebration of what's been accomplished. It's evidence of what happens when women stop building alone and start building together with God at the center and a room of peers who refuse to let them play small.

What you're about to read is proof of what's possible!

The door is open, momentum is building, and what He's done for these women, He's ready to do for you!!

With belief in what you're building,

Brooke

2026 is the overflow.*

Why This Matters

This isn't just another business community. This is where business women come to build beyond revenue into influence, legacy, and lasting impact.

Growth That Compounds: Members aren't just hitting revenue goals, they're building businesses that scale sustainably, support their families generationally, and create opportunities for others. Faith deepens. Leadership sharpens. Legacy becomes intentional.

Strategic Partnerships That Multiply

Collaborations don't just happen, they're facilitated. Real estate deals. Podcast co-launches. Client referrals. Joint ventures. This is where high-capacity women find the right partners to amplify what they're building.

Thought Leaders Are Made Here

From bestselling authors to national speakers, TV hosts to award-winning advisors and Inc. 500 award winners, this community consistently produces women who don't just participate in their industries, they lead them.

Beyond the Bottom Line

Yes, millions are being generated. But what sets this community apart isn't just the revenue, it's the marriages restored, the families healed, the faith renewed, and the women who finally stop sacrificing their lives to build their businesses and start building businesses that serve their lives.

This is where business growth and eternal legacy collide.

This is where entrepreneurial women stop building alone and start building legacy without sacrificing their faith, family or fulfillment.

"The women in this room aren't building businesses to survive, they're building enterprises that fund generational wealth, create lasting impact, and leave a legacy worth remembering. What you're seeing in this report isn't luck. It's what happens when faith and strategy collide, when isolation is replaced with partnership, and when women stop waiting for permission and start taking ground. The only question left is: are you ready to step into the room?"
