10 Respiratory Protection & Breathing Apparatus

ITEMS 107–119

107

TSI

PortaCount Respirator Fit Tester, Model 8048

Quantitative respirator fit tester with N95-Companion technology, FitPro Ultra software and accessory kit.

PART # 8048

PRICING · Please call a representative

108

DRÄGER

BG ProAir 4-Hour Closed-Circuit Breathing Apparatus

Positive-pressure closed-circuit apparatus with a nominal 240-minute duration for mine rescue (R360532).

PART # R360532

PRICING · Please call a representative

109 DRÄGER

Drägersorb 400 Soda Lime, 40 lb Keg

CO2 absorbent for closed and semi-closed circuit breathing apparatus (P/N 6737985).

PART # 6737985

 **PRICING** • Please call a representative

110 DRÄGER

Filter Mats, 50 per Pack

Replacement filter mats for Dräger closed-circuit breathing apparatus (P/N 4058167).

PART # 4058167

 **PRICING** • Please call a representative

111

DRÄGER

BG ProAir Ice Cooler Cartridge

Cooling cartridge that lowers inhaled-air temperature during extended operation (P/N 3701814).

PART # 3701814

 **PRICING** • Please call a representative

112 DRÄGER

BG ProAir Freeze Aid

Freezing aid used to prepare BG ProAir cooling components (P/N 3723001).

PART # 3723001

 **PRICING** • Please call a representative

113

DRÄGER

BG ProAir Carbon Bottle

Carbon composite oxygen cylinder for the BG ProAir apparatus (P/N R360395).

PART # R360395

 **PRICING** • Please call a representative

114 DRÄGER

BG ProAir Test Kit

Test kit for BG ProAir maintenance and readiness checks (P/N 3722266).

PART # 3722266

 **PRICING** • Please call a representative

115 DRÄGER

BG 4 Overhaul Kit

Overhaul kit for scheduled maintenance of Dräger BG 4 apparatus (P/N R34825).

PART # R34825

 **PRICING** · Please call a representative

116 DRÄGER

BG-4 Dryer Stand

Drying stand for breathing apparatus components after cleaning (P/N SB20013).

PART # SB20013

 **PRICING** · Please call a representative

117

DRÄGER

RZ 7000 Test Device

Compact tester for function and leak testing of Dräger SCBA and breathing apparatus.

PART # RZ 7000

 **PRICING** · Please call a representative

118

DRÄGER

DOB 200 ECO Oxygen Booster

Transportable oxygen booster for refilling cylinders, in a protective case.

PART # DOB 200 ECO

 **PRICING** · Please call a representative

119

DRÄGER

FPS 7000 RP Full-Face Mask

Full-face mask with RP connection designed to pair with the BG ProAir apparatus.

PART # FPS 7000 RP

11 Radiology, Nuclear Medicine & Facility

ITEMS 120-133

120

CAPINTEC

Lead-Lined Hot Lab Cabinet Systems

Modular shielded cabinetry for nuclear medicine and radiopharmacy hot labs, 10' x 10' and larger.

PART # Available on request

PRICING · Please call a representative

121

CAPINTEC

Lead-Lined Preparation Enclosure

Shielded workspace for radiopharmaceutical dose preparation.

PART # Available on request

PRICING · Please call a representative

122

CAPINTEC

Lead-Lined PET Unit Dose Cabinet

Shielded cabinet for handling and storing PET unit doses.

PART # Available on request

PRICING · Please call a representative

123

CAPINTEC

Lead-Lined Decay & Storage Cabinet

Removable isotope drawers and adjustable shelving for controlled decay and storage.

PART # Available on request

PRICING · Please call a representative

124

CAPINTEC

Lead-Lined Waste & Storage Cabinet

Shielded waste chute into a polyethylene container, with storage drawers for decay.

PART # Available on request

PRICING · Please call a representative

125

CAPINTEC

Lead-Lined Sink & Waste Cabinet

Functional sink with a lead barrier separating it from the shielded waste compartment.

PART # Available on request

PRICING · Please call a representative

126

CAPINTEC

Lead-Lined Generator & Phantom Cabinets

Shielded storage for generators, flood sources and phantoms, with isotope drawers.

PART # Available on request

PRICING · Please call a representative

127

CAPINTEC

Lead-Lined Refrigerator

Shielded cold storage for radiopharmaceuticals, tagged biologicals and radioactive materials.

PART # Available on request

PRICING · Please call a representative

128

RAYSAFE

RaySafe X2 Base Unit

Touch-screen X-ray measurement system with PC software; add sensors as your needs grow.

PART # Available on request

PRICING · Please call a representative

129

RAYSAFE

RaySafe X2 R/F & MAM Sensors

Orientation-independent sensors for radiography/fluoroscopy and mammography dose, HVL and kVp.

PART # Available on request

PRICING · Please call a representative

130

RAYSAFE

RaySafe X2 CT Sensor

Pencil chamber with electrometer for CTDI dose measurements, with temperature/pressure correction.

PART # Available on request

PRICING · Please call a representative

131

RAYSAFE

RaySafe X2 Survey, Light & Volt Sensors

Leakage and scatter survey, luminance/illuminance, and kV or mA/mAs from X-ray test points.

PART # Available on request

PRICING · Please call a representative

132

LEICA GEOSYSTEMS

Leica BLK2GO Handheld Laser Scanner

Handheld imaging laser scanner for 3D reality capture of rooms and facilities, with live app control.

PART # BLK2GO

 **PRICING** · Please call a representative

133

LEICA GEOSYSTEMS

Leica Cyclone FIELD 360

iOS/Android field app for remote scanner control, data management, QC and on-site registration.

PART # Cyclone FIELD 360
