PRESIDENT'S MESSAGE

*F*ebruary carries a quiet kind of power. It's the moment when the year stops being "new" and starts becoming real; when intentions turn into action. That same energy shows up in the women who build, design, plan, and lead across the industry.

Your skill, resilience, and leadership strengthen every project and every crew. You prove daily that construction is smarter, stronger, and more innovative because you're a part of it.

This month, take pride in your craftsmanship, your grit, and the impact you make on the future of construction. February may be short, but your influence is anything but.

Here's to a year of progress, safety, strength, and pride in the work you do. Keep building boldly. The industry is better because you're in it.

Women in Construction (WIC) Week is March 1-7. Be sure to check out our schedule of events. Karen Weatherford has planned a variety of events to celebrate, learn, share with the community, and have some fun.

South Central Region Forum is April 30-May 2 in Hot Springs, Arkansas.

Registration is open. Visit

Block Kids 2026

The Block Kids Building Program is a national building competition for children in kindergarten through 6th grade and introduces them to construction careers. Participants are asked to create something construction related without adult help or guidance using approved materials.

SPOTLIGHT

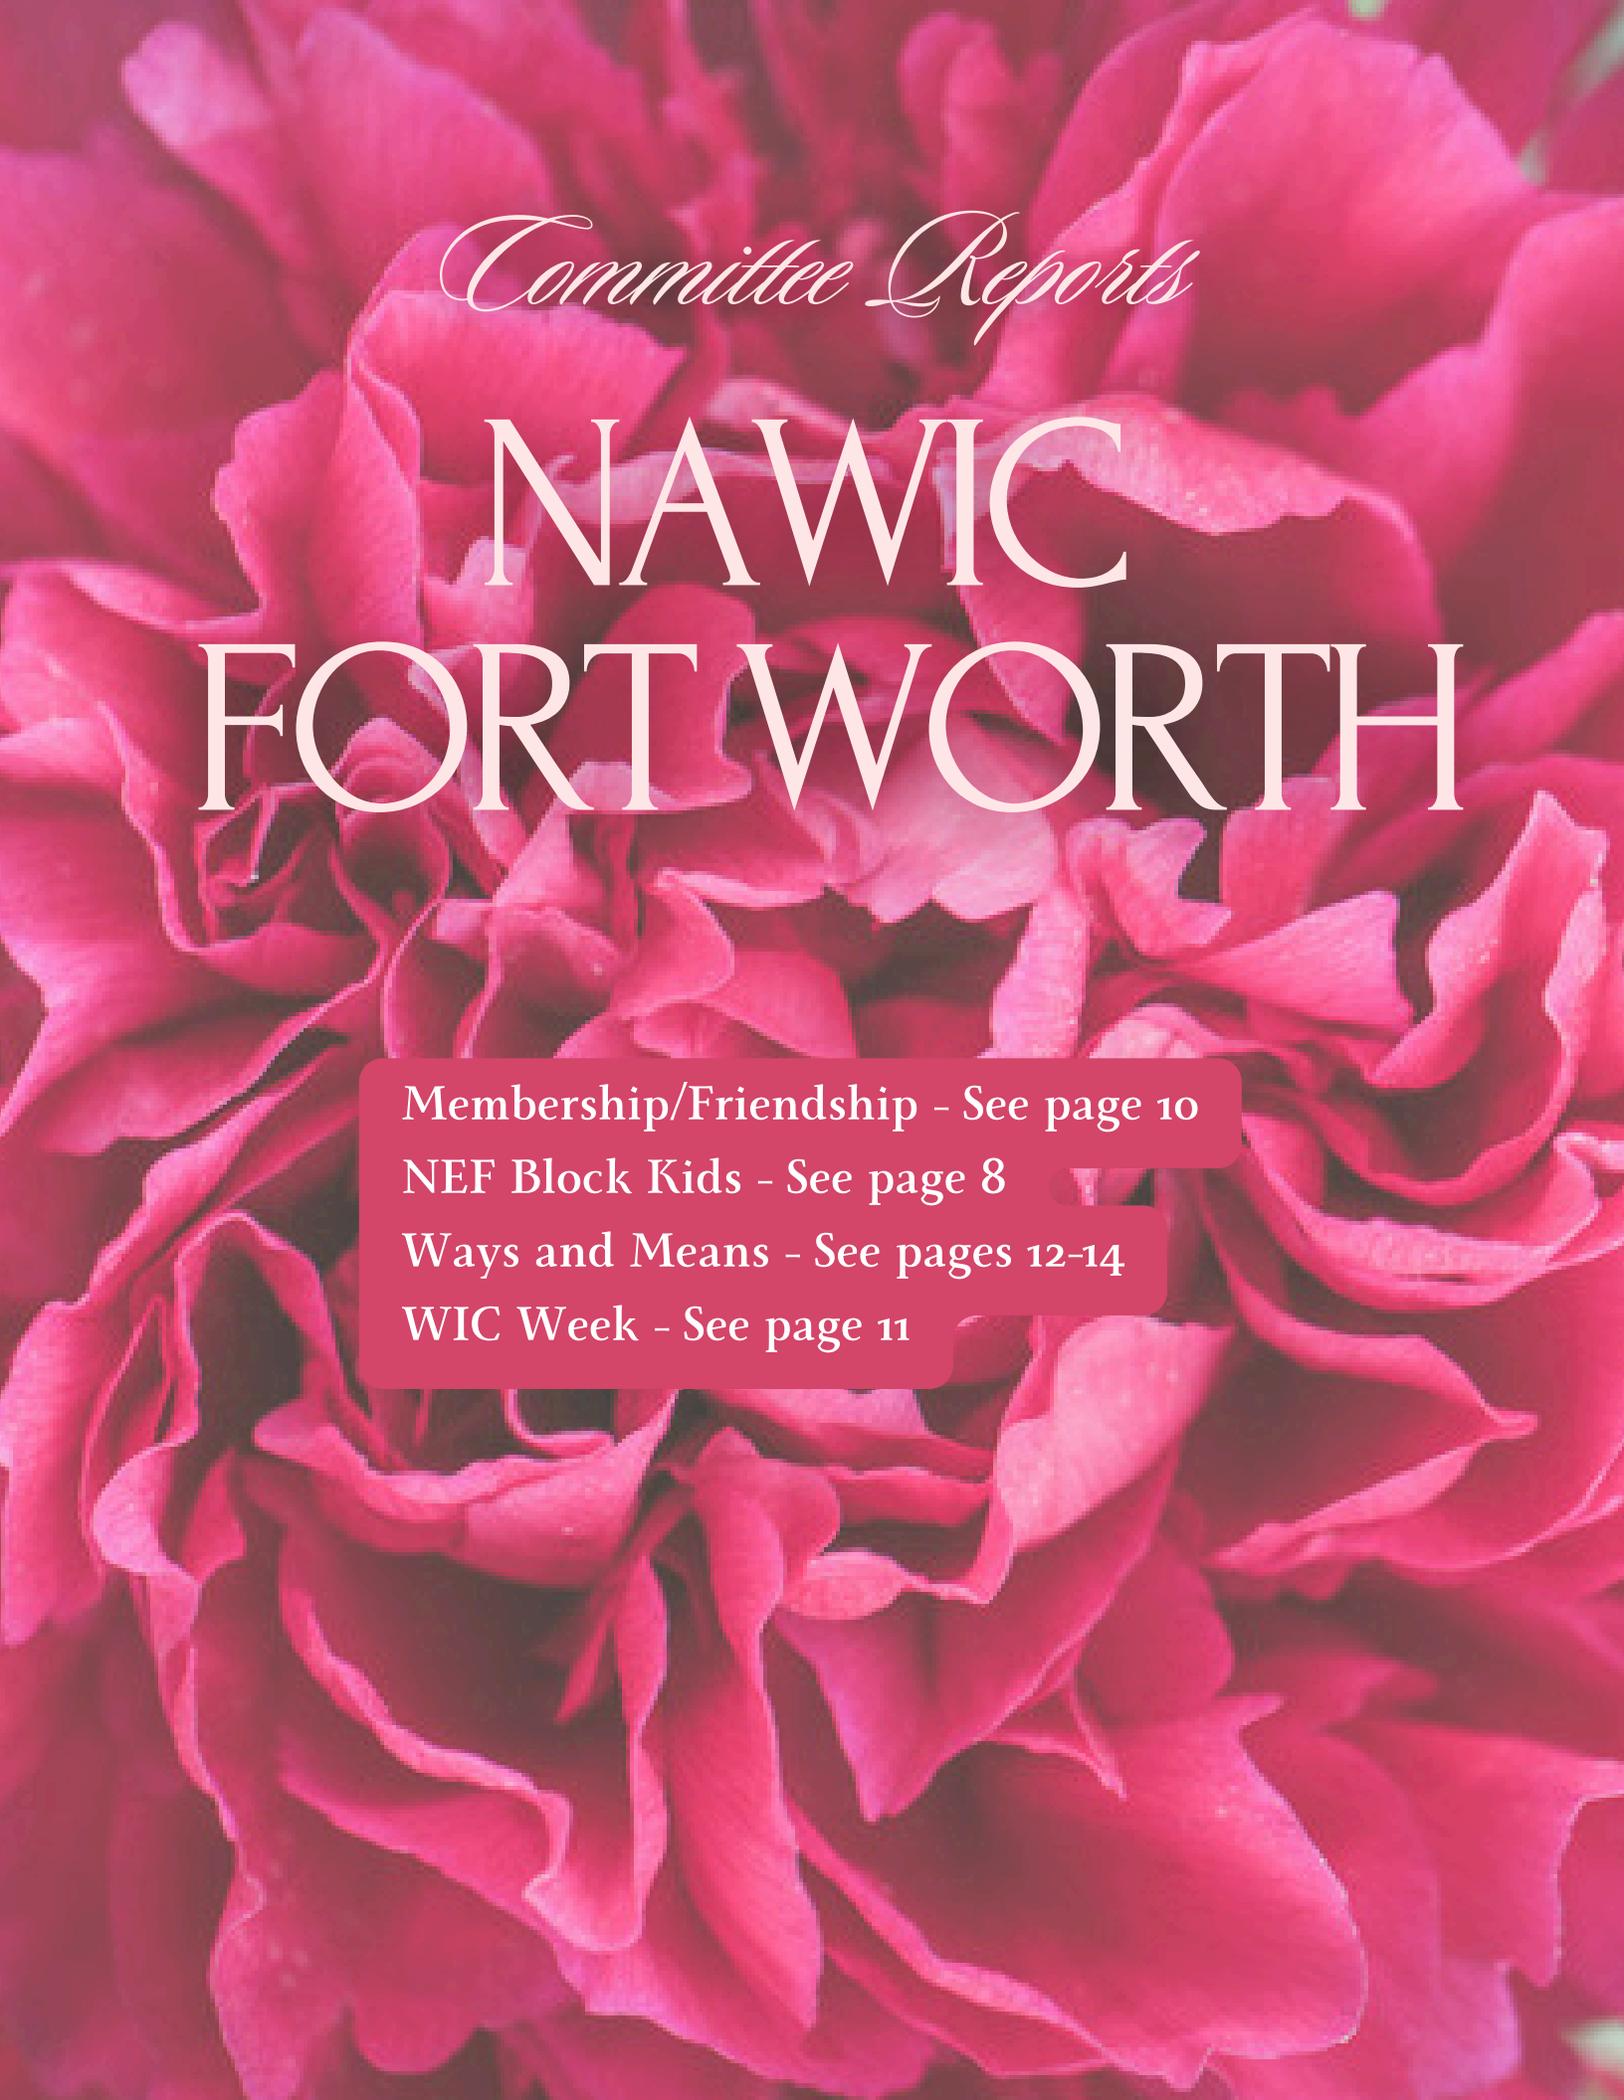

The Fort Worth Chapter held their annual Block Kids contest on January 17th at the Longhorn Council of Scouting of Americas Hurst location. We had 5 attendees ranging in age from 6 to 9 years old. The participants all used their creativity and ingenuity to create some unique projects. The winner was Ezri Ledwith, age 8. She has previously participated in the program with the NAWIC Denver chapter. Her mother found out about our contest via social media.

While the judging was being completed, the participants and their parents all participated in a pizza party furnished by our sponsor AccuTex Electric.

Plans are underway for 2027 Competition to be held at the same location!!

We had so much fun we decided to do "Block Kids for Adults" to kick off WIC Week 2026 on Sunday 3/1/2026 at TEXO/AGC in Fort Worth.

The background of the entire page is a close-up photograph of numerous pink roses. The petals are layered and detailed, with a soft, natural lighting that gives them a delicate texture. The color is a vibrant, slightly muted pink.

Founder, Chief Strategy Officer

Education

MBA, Master of Business Administration May 2013
B.S in Architecture August 2010
B.S in Construction Management May 2010
Lawrence Technological University, Southfield, MI

Colt Stacer has always strived to encourage students to find their purpose. In 2019, he started Stacer Group with one goal, being the ultimate catalyst for every student to find a purpose that raises individual self-worth through accountability and achievement.

Over a decade ago, Colt started in the education industry as a member of an Advisory Board for students pursuing CTE programs in Oakland County, Michigan as an industry partner representing Automation & Modular Components. In 2017 he moved to Texas with the goal of expanding student offerings in a new market. Since his move he has taught TEA approved dual credit college coursework, worked with over 20 P-TECH schools to develop sustainable program infrastructure, provided consulting services to CTE directors across the state of Texas, spoke at educational conferences on industry partnership relationships, and started the development of innovative software to further expand student achievement.

As an industry partner, Colt previously was a leader at Brock Solutions, an engineering solutions company. His focus within the company was providing customers with airport baggage handling systems across the United States. His most recent accomplishment was the Go Live of DELTA SKYWAY at LAX in August 2023. His last major project was San Diego Airport Terminal 1. In addition, he was responsible for the sr. program management of the United Airlines account, at the time Brocks largest account. Prior to Brock Solutions he worked in the automotive, warehouse distribution and industrial automation industries. In addition, he previously owned Stacer Concepts LLC, an engineering and manufacturing business.

Colt resides with his wife, Jackie, and three dogs in Fort Worth, TX.

2025-2026 Chapter Awards Nomination Form

Please return all nominations to

president@nawic-fw.org by Friday February 6, 2026

The following member has been nominated for the **Future Leader of the Year Award**.

This award is given to recognize outstanding service during the current fiscal year by a new member. A “new member” is defined as one who joined the chapter during the past two years just prior to September of the current year.

Nominee’s Name _____

Reasons this person should receive this award:

The following member has been nominated for the **Member of the Year Award**. This is the highest honor the chapter members can bestow upon one of their own. This award is given in recognition of a member’s outstanding service (above and beyond the call of duty) to the chapter for the current fiscal year (not for past service).

Nominee’s Name _____ Reasons
this person should receive this award:

The following member has been nominated for the **Lifetime Achievement Award**. This award is given to recognize one who has been a member for at least 15 years. This member should have been active in the chapter and served in many roles. She should have supported and guided other members, non-members, or students during her tenure.

Business Meeting
Question of the Month:
If you could have any
superpower what would
it be?
