

NUEVA NITRO

NOT JUST A BOOST. IT'S A BIOHACK.

CIRCULATION | OXYGEN | ENDURANCE | FOCUS | CLINICALLY-INSPIRED FORMULA

Nueva Nitro is a next-generation nitric oxide and energy enhancement formula designed to help support healthy circulation, oxygen flow, and cellular vitality.*

Its proprietary blend combines Molecular Hydrogen, L-Citrulline, and Green Tea Caffeine; nutrients that may help support natural energy, endurance, and focus from within.

Engineered for peak performance and everyday vitality, Nitro helps you feel alert, strong, and balanced without the crash.*

KEY BENEFITS

CELLULAR ENERGY & PERFORMANCE

Molecular Hydrogen helps support cellular energy and antioxidant balance, helping the body defend against oxidative stress and fatigue.*

CIRCULATION & ENDURANCE

L-Citrulline supports nitric oxide production to help support healthy blood flow, oxygen delivery, and physical performance.*

MENTAL FOCUS & ALERTNESS

Natural Green Tea Caffeine provides smooth, sustained energy and focus without overstimulation.*

HYDRATION & ELECTROLYTE BALANCE

Electrolyte-rich minerals (Magnesium, Potassium, Calcium, Salt) help maintain proper hydration, muscle function, and stamina during daily activity.*

RECOVERY & BALANCE

Vitamin C and B-Complex nutrients help support metabolic energy, nutrient absorption, and post-activity recovery.*

CLINICALLY INSPIRED

NATURALLY SWEETENED

NO PRESERVATIVES

Our raw ingredients are **3rd party lab tested** to meet the highest standards of purity, potency, and safety.

Backed by a **30-day satisfaction guarantee.**

SUGGESTED USE

1

MIX

Add 1 sachet to 12 oz of water

2

SHAKE

Very well until fully dissolved

3

WAIT

Let activate for 5 minutes

4

DRINK

Consume within 15 minutes

Best taken on an **empty stomach** for optimal nitric oxide support. Stay **well-hydrated throughout the day** to enhance results.

INGREDIENTS

L-Citrulline, Molecular Hydrogen, Natural Green Tea Caffeine, Vitamin C, Vitamin B-Complex (Niacin, Riboflavin, Biotin, Pantothenic Acid, Vitamin B6, Vitamin B12), Electrolyte & Mineral Matrix (Magnesium, Potassium, Calcium, Salt), Natural Flavors, Malic Acid, Citric Acid, Organic Stevia Leaf (Rebaudioside A).

NUEVA NITRO

WHO IT'S FOR

Nueva Nitro is designed for individuals who want to support their energy, focus, and daily performance naturally.

Performance Seekers – Athletes, professionals, and creators who want to support daily energy, endurance, and circulation throughout the day.*

Focus Drivers – Entrepreneurs and high-performers seeking clean alertness without the crash.*

*More than energy:
it's your daily flow activator.**

Wellness Achievers – Those pursuing balanced energy, hydration, and post workout recovery as part of a healthy routine.*

CORE FUNCTIONS

Ingredient	Function / Purpose
 Molecular Hydrogen	Helps support cellular energy and antioxidant balance to defend against oxidative stress.*
 L-Citrulline	Supports nitric oxide production for healthy circulation and endurance.*
 Nitric Oxide Support Complex	Promotes oxygen delivery, focus, and sustained energy.*
 Natural Green Tea Caffeine (85 mg)	Provides smooth, steady mental and physical energy without jitters.*
 Electrolyte & Mineral Matrix	Helps maintain hydration, muscle function, and energy balance.*
 Vitamin C & B-Complex Blend	Supports metabolic energy and post-activity recovery processes.*

NUEVA NITRO — FAQ

What is Nueva Nitro?

Nueva Nitro is an advanced molecular hydrogen and nitric oxide formula designed to help support your body's natural performance. This next-generation blend helps support healthy circulation, oxygen flow, post activity recovery, and cellular energy.*

What are the key ingredients and what do they do?

Nueva Nitro is formulated with a proprietary blend of clinically inspired nutrients that work synergistically to promote energy, circulation, and focus:*

- **Molecular Hydrogen:** Supports cellular energy and antioxidant balance, helping the body defend against oxidative stress.*
- **L-Citrulline:** Supports nitric oxide production to help support healthy circulation, endurance, and overall performance.*
- **Nitric Oxide Support Complex:** Helps promote oxygen delivery and efficient blood flow for sustained focus and energy.*
- **Natural Green Tea Caffeine:** Provides smooth, clean energy and alertness without the crash.*
- **Electrolyte & Mineral Matrix (Magnesium, Potassium, Calcium, Salt):** Supports hydration, muscle function, and energy balance.*
- **Vitamin C & B-Complex Blend:** Supports metabolic energy, nutrient absorption, and recovery support.*

How do I take Nueva Nitro?

Tear open 1 sachet and mix with 12 oz of room temperature water. Wait 5 minutes, then drink within 15 minutes for optimal nitric oxide activation.

Use 15–30 minutes before physical activity or in the morning for daily energy and focus.

For best results, use consistently and pair with adequate hydration and balanced nutrition.

How does Nueva Nitro support energy and oxygen flow?

Nitro's advanced blend helps the body naturally support nitric oxide, a key molecule for healthy circulation and oxygen transport.*

By promoting healthy blood flow and cellular energy, it supports stamina, focus, and recovery; without harsh stimulants.*

Does it contain sugar or artificial sweeteners?

Nueva Nitro contains less than 1 gram of sugar per serving and is naturally sweetened with organic stevia leaf (Rebaudioside A).

It contains no artificial sweeteners, colors, preservatives, or seed oils.

What does "natural flavors" mean on the label?

Our natural flavors are plant-based extracts used to enhance taste without synthetic additives or added sugars.

Is it safe for daily use?

Yes. Nueva Nitro is designed for daily use by most adults. Those sensitive to caffeine should adjust timing as needed.

Does Nueva Nitro pair well with other Nueva products?

Yes. Nueva Nitro pairs well with Snow Collagen, Snow Slim, and Body as part of a daily wellness or performance routine. It helps support healthy circulation and nutrient delivery.*

However, Nitro should always be taken separately, on an empty stomach, for optimal nitric oxide and hydrogen absorption. Because both nitric oxide and hydrogen are gaseous molecules, taking Nitro with food or other supplements can reduce their absorption.

Avoid taking Nitro too close to Morning Coffee or Nitro+ if you're caffeine-sensitive.*

Can I take Nueva Nitro more than once per day?

Yes. Many people use Nitro twice daily; one serving in the morning on an empty stomach and another in the early or mid-afternoon.*

Timing guidelines:

- Space servings at least 4–6 hours apart
- Take each serving on an empty stomach
- Avoid taking Nitro too close to bedtime if you are sensitive to caffeine

As always, individual tolerance varies, so listen to your body.*

What are the main benefits?

- Supports natural energy and endurance*
- Supports healthy circulation, oxygen flow, and nitric oxide production*
- Helps maintain focus, stamina, and post-activity recovery*
- Encourages hydration and electrolyte balance*
- Guided by Nueva's science-backed philosophy

How important is hydration while taking Nueva Nitro?

Hydration helps support circulation and electrolyte balance. Drink water before and after use to maximize performance and energy support.

When will I notice results with Nueva Nitro?

Many users experience improved focus and energy shortly after taking it.

Endurance benefits typically build with consistent use over time.*

Individual results vary based on activity level and routine.

Is Nueva Nitro tested for purity and quality?

Yes. All Nueva products are produced in pharmaceutical-grade, GMP-certified facilities and undergo quadruple testing; raw materials, in-process blends, finished goods, and third-party lab verification.

Each batch is screened for mold, yeast, heavy metals, pesticides, and microbial contamination to ensure purity and safety.

Does Nueva offer a money-back guarantee?

Yes. Every Nueva product is backed by a **30-day money-back guarantee.**

If you're not completely satisfied, contact our Support Team within 30 days of delivery date for a refund (less shipping).
