ESTATE & ARGO INVESTMENT

Our

**COMPANY
PROFILE**

GROWING ASSETS

CREATING WEALTH

BUILDING LEGACIES.

WHO WE ARE

Richmangold Agribusiness & Real Estate is a Nigerian-focused asset development and wealth-creation company operating at the intersection of agriculture, real estate, land development, and strategic partnerships.

We are building a modern enterprise designed to transform productive land into valuable assets, agricultural ventures into sustainable businesses, and real estate opportunities into long-term wealth.

At Richmangold, we believe that some of the most powerful wealth-creation opportunities in Africa are found in two fundamental assets: land and food.

Our approach is therefore built around acquiring, developing, managing and creating value from strategic land assets while deploying modern agricultural practices and real-estate development strategies.

Our ambition is bigger than selling farms or properties. We are building an ecosystem where land works, agriculture produces, property appreciates and partnerships create lasting value.

OUR MISSION

To become one of Africa's most respected integrated Agribusiness and Real Estate companies, creating productive assets, thriving communities and sustainable wealth for generations.

OUR VISION

To become one of Africa's most respected integrated Agribusiness and Real Estate companies, creating productive assets, thriving communities and sustainable wealth for generations.

OUR TWO CORE BUSINESS DIVISIONS

4

RICHMANGOLD AGRIBUSINESS

To identify and develop strategic opportunities across agriculture and real estate, creating professionally managed assets and businesses that generate economic value, create employment, support food security and contribute to the development of communities.

OUR ACTIVITIES INCLUDE:

Commercial crop production

Plantation development

Palm tree and palm-oil projects

Watermelon, cucumber, melon and other high-value crops

Agricultural land development

Farm management

Agricultural partnerships

Produce aggregation and distribution

Agro-processing and value addition

Strategic farmer and institutional partnershi

Our long-term objective is to build an integrated agricultural value chain where production, processing, distribution and market access work together to create greater value.

From Land to Harvest. From Harvest to Value.

RICHMANGOLD REAL ESTATE

Our real-estate division focuses on identifying strategic locations, securing land opportunities and developing properties capable of creating long-term value.

OUR REAL-ESTATE ACTIVITIES INCLUDE:

- ✔ Land acquisition and development
 - ✔ Residential estates
 - ✔ Commercial property
 - ✔ Agro-estates
 - ✔ Mixed-use developments
- ✔ Land sales and structured ownership opportunities
 - ✔ Property development partnerships
 - ✔ Real-estate investment opportunities
 - ✔ Strategic land banking
- ✔ Property management and development

We pay particular attention to locations positioned for population growth, infrastructure expansion, commercial activity and future appreciation.

THE RICHMANGOLD ADVANTAGE

6

AGRICULTURE + REAL ESTATE = PRODUCTIVE ASSET CREATION

Our unique strength is the ability to combine two powerful asset classes.

Rather than viewing agricultural land and real estate as separate opportunities, Richmangold develops strategies that allow land to serve multiple economic purposes.

A strategically acquired parcel of land can become:

Farmland → Productive Agricultural Asset → Processing Opportunity →
Commercial Hub → Residential/Real Estate Development

This integrated approach allows us to think beyond today's value and focus on what an asset can become tomorrow.

OUR LONG-TERM WEALTH CREATION STRATEGY

Richmangold is built around a simple philosophy:

Acquire. Develop. Produce. Appreciate. Reinvest.

We seek strategic assets with strong underlying potential, develop them professionally and create value through active management.

Our long-term agricultural strategy includes plantation projects such as oil palm, where properly managed agricultural land can become a productive asset while the underlying land remains an important component of long-term value creation.

Our real-estate strategy complements this by focusing on land acquisition, estate development and property opportunities positioned for future growth.

PARTNERSHIP

At Richmangold, we believe extraordinary businesses are built through strong partnerships.

WE WORK WITH:

STRATEGIC PARTNERS	LANDOWNERS		FARMERS
REAL-ESTATE PROFESSIONALS	INVESTORS		ENTREPRENEURS
INSTITUTIONS	OFF-TAKERS	TECHNICAL EXPERTS	DEVELOPMENT PARTNERS

OUR PARTNERSHIP PHILOSOPHY IS SIMPLE:

Create value together. Grow together. Build for the future.

We seek relationships that extend beyond individual transactions and develop into long-term commercial partnerships.

OUR IMPACT

8

Richmangold is committed to creating value beyond financial outcomes.

Our operations are designed to contribute to:

FOOD SECURITY

Increasing agricultural production and supporting Nigeria's food ecosystem.

EMPLOYMENT

Creating direct and indirect opportunities across farming, logistics, construction, property and allied industries.

COMMUNITY DEVELOPMENT

Supporting economic activity in communities where our projects operate.

LAND DEVELOPMENT

Transforming underutilized land into productive agricultural and real-estate assets.

WEALTH CREATION

Providing structured opportunities for individuals and partners to participate in productive economic activities.

SUSTAINABLE GROWTH

Building businesses and assets with a long-term perspective rather than focusing solely on short-term gains.

OUR LEADERSHIP

KING DANIELS

Chief Executive Officer

King Daniels serves as the Chief Executive Officer of Richmangold Agribusiness & Real Estate.

As CEO, he provides the company's strategic direction and leads the development of Richmangold's vision across agriculture, real estate, partnerships and asset development.

His leadership is focused on building a strong corporate culture, identifying commercially viable opportunities and positioning Richmangold as a trusted African enterprise capable of competing at international standards.

Under his leadership, Richmangold is pursuing an integrated model that brings together productive agriculture, strategic land development and real-estate opportunities.

His philosophy is centred on building businesses and assets that can create value today while establishing a stronger foundation for tomorrow.

OUR LEADERSHIP

EMMANUEL AROGBESAN

Senior Partner

Emmanuel Arogbesan serves as Senior Partner at Richmangold Agribusiness & Real Estate.

He plays a strategic role in business development, partnerships, opportunity identification and the expansion of Richmangold's commercial network.

As Senior Partner, Emmanuel contributes to the company's growth strategy by strengthening relationships with stakeholders, identifying strategic opportunities and supporting the execution of projects across the company's agricultural and real-estate divisions.

His role reflects Richmangold's commitment to combining entrepreneurial leadership with strategic partnerships to build a stronger and more scalable organisation.

OUR TWO CORE BUSINESS DIVISIONS

12

OUR CORPORATE PHILOSOPHY

*We believe wealth is strongest when it is backed by real assets,
productive enterprise and disciplined execution.*

- We do not simply ask:
- "What is this asset worth today?"
- We ask:

"What can this asset become in 5, 10 or 20 years?"

That long-term perspective shapes the way we approach land, agriculture, property development and partnerships.

OUR CORE VALUES

INTEGRITY We believe trust is the foundation of every successful partnership.	SUSTAINABILITY We build with the future in mind.
INNOVATION We embrace modern ideas, technology and smarter approaches to agriculture and real estate.	PARTNERSHIP We believe collective strength creates greater opportunities.
EXCELLENCE We pursue professional standards in our projects, operations and relationships.	IMPACT Our success should create value for our partners, communities and the wider economy.

OUR 2030 AMBITION

Richmangold's ambition is to evolve from a Nigerian agribusiness and real-estate enterprise into a diversified African asset-development group with interests across productive agriculture, agro-processing, land development, residential and commercial real estate, and strategic partnerships.

We envision a portfolio of productive farms, plantations, estates, properties and businesses working together to create sustainable economic value.

We are not just developing land.

We are growing businesses.

We are developing possibilities.

We are not just selling properties.

We are not just growing crops.

We are building assets and communities.
