

WELCOME TO THE NEW ERA

Welcome guide — Onboarding Video 1

Welcome, and congratulations — you just joined The New Era. This is where it all starts.

Our Mission

We exist to help you:

- Make money
- Keep the money you make
- Take the pressure off your finances
- Build a life with more freedom, more choices, and more peace of mind

Who We Are — 3 Names, 3 Jobs

It's important to understand how everything fits together:

The New Era	That's us — your team. We give you community, in-house trading signals, regular events, retreats, mindset training, and more.
Trade With Freedom	The bigger family we're part of. They give us trading education, tools, four different signal providers, and global events.
Vantage	Our broker. They're who we trade through — think of them as the bank that holds your account and makes the trades happen.

If You're Brand New to Trading

Don't rush. Go through the onboarding steps in order, one at a time — each one builds on the last. It won't take long if you focus and pay attention. Most people are up and running on a live account within 48 hours.

START HERE

Before you risk a single real pound or dollar, practice on a Demo Account. It's play money — real markets, zero risk. Get comfortable there first.

IMPORTANT

Trading carries real risk. Learn risk management before you trade with real money. We'll show you how.

WELCOME

Make money. Keep it. Live free. Click next to get started with your onboarding steps.
