THE OFFER

Answer the accident call before *the next firm does.*

People hurt in a crash call more than one firm, often from the scene or the emergency room, and often in Spanish. The first firm that answers clearly usually gets the case.

The agent answers accident inquiries in English and Spanish, aiming to reply in under a minute, collects the facts your attorneys use to screen a case, flags deadlines, and books the consultation. It never predicts results or gives legal advice.

ANSWER

A bilingual front door, 24/7

Voice, text, and web chat, answered in English and Spanish with a target of under a minute. Callers in other languages go to a person or a scheduled callback.

SORT

Every inquiry by matter type and urgency

Car and truck accidents, motorcycle and pedestrian, slip and fall, dog bites, and wrongful death. Urgent calls transfer live to the attorney on call, with a text alert if nobody picks up.

BOOK

Consults booked, conflicts checked

Collects every party name for your conflict check before any details, books the consultation, and runs reminders and reschedules.

BE FOUND

Named when clients ask AI

English and Spanish personal injury pages that answer real questions, plus LegalService and Person schema for each attorney, so ChatGPT and Google can find and cite your firm by name.

The guardrails

- **No promised results.** The agent never says a case is strong, worth a certain amount, or likely to win.
- **Contingency fee language done right.** Any mention of contingency fees carries the cost disclosure the Florida Bar requires (Rule 4-7.14(a)(7)).
- **No outreach to accident victims.** Florida Bar Rule 4-7.18 limits contacting people about personal injury or wrongful death, including a 30-day bar on written outreach after the incident.
- **Dates recorded, never judged.** Most Florida negligence claims now have a two-year limit (Fla. Stat. § 95.11(4)(a)), and fault can reduce or bar recovery (§ 768.81).
- **Clearly a law firm.** The agent says it is an assistant, never an attorney.
