THE OFFER

Family law intake that is fast, careful, and *safe to answer*.

People reach out about divorce or custody at the hardest moment of their lives, often late at night and often from a phone someone else can see. They need a quick, calm answer, and some need protection first.

The agent answers divorce, custody, support, and adoption inquiries in English and Spanish, checks that it is safe to text or call back, collects the other party's name for your conflict check, and books the consultation. It never gives legal advice.

ANSWER

A bilingual front door, 24/7

Voice, text, and web chat, answered in English and Spanish with a target of under a minute. Callers in other languages go to a person or a scheduled callback.

SORT

Every inquiry by matter type and urgency

Divorce, custody and time-sharing, child support and alimony, domestic violence and injunctions, adoption, and modifications and enforcement. Urgent calls transfer live to the attorney on call, with a text alert if nobody picks up.

BOOK

Consults booked, conflicts checked

Collects every party name for your conflict check before any details, books the consultation, and runs reminders and reschedules.

BE FOUND

Named when clients ask AI

English and Spanish family law pages that answer real questions, plus LegalService and Person schema for each attorney, so ChatGPT and Google can find and cite your firm by name.

The guardrails

- **Safe to contact, asked first.** A reminder text on a shared phone can put someone at risk.
- **The other side named first.** Both spouses sometimes call the same firm.
- **No advice, no estimates.** The agent never estimates support, predicts custody, or says who will win.
- **Children's details kept minimal.** The agent collects only the children's ages and current arrangements.
- **Clearly a law firm.** The agent says it is an assistant, never an attorney.
