WHY CHOOSE SHUTTERS?

More than a window covering

Shutters are a long-term investment in your home. Tilt the louvres to let the light in, keep prying eyes out, or close them completely for a darker room.

Light & privacy

Adjust the louvres for exactly the light and privacy you want, any time of day.

Warmer in winter

An extra layer at the window helps keep the heat in on cold days.

Cooler in summer

Close the louvres to cut glare and keep rooms comfortable when it's hot.

Kitchens & bathrooms

Moisture-resistant options that won't warp or crack in steamy rooms.

Built to last

Tough, easy to wipe clean and no cords, so great for homes with children and pets.

Adds kerb appeal

Shutters look great from the street and add value to your home.

"I didn't realise that they actually keep the cold out, so it's going to actually insulate your house as well."

HELEN, DONCASTER

"One of the neighbours stopped me the other day because they just said they looked so good from the outside."

HELEN, DONCASTER

Choose the shutter that suits you

We offer two premium ranges, both handmade to measure for your windows and both backed by a **10-year manufacturer's warranty**. We'll bring samples of both to your home so you can see and feel the difference.

MADE IN THE UK

Hampton Range

High-quality HS Polyvinyl shutters

Made in the UK from high-quality HS Polyvinyl, Hampton shutters are tough, practical and available on express delivery.

- Durable, with waterproof functionality
- Suitable for most window designs
- Fully hidden tilt for the most discreet louvre control
- Superior insulation values
- 9 colour options

Ideal for: kitchens, bathrooms and busy family homes

REAL HARDWOOD

Basswood Range

Hardwood panels, great value

Premium Basswood hardwood panels in a tough frame. You get the look and feel of real wood at a much more affordable price.

- Lightweight hardwood that insulates and reduces noise
- Louvres that resist warping for a tight, smooth close
- Range of machine-painted colours
- Wider panels and stile options for any window

Ideal for: living rooms, bedrooms and statement windows

MAKE THEM YOURS

Louvre sizes

63mm, 76mm, 89mm or 114mm slats, from classic to wide and modern.

Tilt rods

Central, offset, hidden or concealed for a clean, clear view.

Frames

A range of frame styles to suit your windows and décor.

Hinge colours

Hinges to match your windows and finishes.

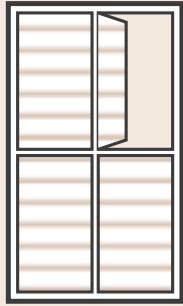

A style for every window

From small cottage windows to bays and patio doors, we'll recommend the style that works best for each room.

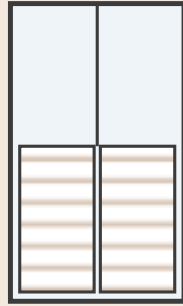

Full height

One panel covers the whole window. Clean, simple and great for privacy.

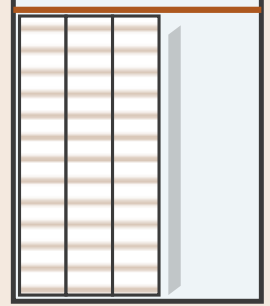

Tier-on-tier

Top and bottom panels open separately, so you can let light in and keep privacy.

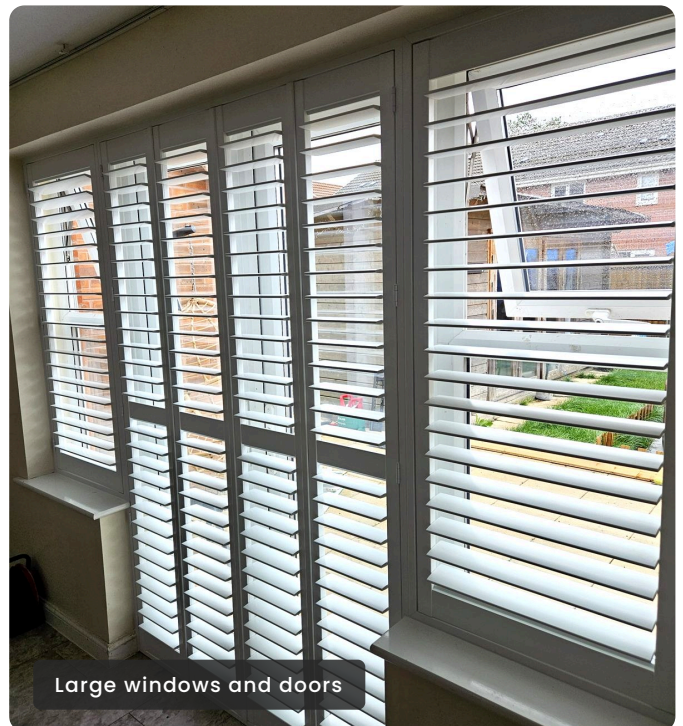

Café style

Covers the lower half only. Privacy at street level with daylight above.

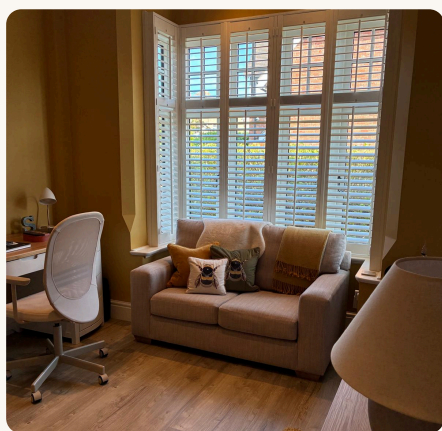

Tracked

Panels slide and fold on a track, perfect for patio and French doors.

WHAT OUR CUSTOMERS SAY

I wanted something that gave me the daylight but gave me the privacy... I would 100% recommend Lionel at Eclipse. 10 out of 10.

10/10

Helen, Doncaster

Made-to-measure shutters

"I have just had new shutters fitted by Lionel and Ollie from Eclipse and I am absolutely chuffed to bits with them!!"

TILLY JENKINSON ★★★★★
