

YOUR OT TUTOR MEMBERSHIP ON-DEMAND CONTENT

The Your OT Tutor memberships come with a library of on-demand content, with new sessions added each month. This list below outlines what is available within each membership. Connector content is targeted at a beginner level, while Alliance content is targeted at more experienced clinicians and/or more advanced reasoning. Alliance members get access to the Connector and Journal Club content too, which means you will access everything on this list, while Connector members only get the Connector and Journal Club content. Keep scrolling to the end to see what courses come with each membership option too!

Empower Yourself
