#### Get A Secured Credit Card.

**ONLY If You Don't Already Have At Least 2 Credit Cards With Limits At Least \$500.** The More The Better But Minimum \$500 These are the banks I recommend getting a secured card from because they all graduate.

- [Wealthy Intention LLC - Credit Builder Card](#)
- Us bank
- Bank of America
- Discover
- Capital one
- Or You Can Get The Secured Credit Card Through **Whoever You Currently Bank With.**

**By graduate it means after 6-9 months of on time payment they'll give you your deposit back and send you a new credit card  which you will now be using the Banks money vs your own.**

Don't Feel Bad If You Dont Have Thousands Of Dollars To Put On A Secured Credit Card. My First Credit Card Was \$400. My First Credit Limit Increase I Jumped To A \$1,400 Credit Limit And Now Today It's At \$5,300 & Is My Lowest Credit Card.
